

TAKES DEMPSEY ONLY THREE ROUNDS TO WIN FROM MISKE

Challenger Is Out- classed by Champion Thruout Battle

RIGHT TO CHIN PUTS MISKE OUT

KINGSIDE, BENTON HARBOR, Mich., Sept. 6.—Jack Dempsey, heavyweight champion of the world, demonstrated that he still retains the terrific punch that won him the title. He knocked out Billy Miske, of St. Paul, a fighter as big and game as himself, in the third round of their ten round match.

Three hard smashes were sufficient to win him between \$50,000 and \$100,000, his fifty per cent share of the gate receipts. At the start of the fight, his first in fourteen months, Dempsey peeled off the same worn and patched red sweater that he wore when he knocked out Jess Willard. His face wore the same fighting frown, he danced about the ring with old time lightness of foot and finished up by taking the fight in the third round just as he did at Toledo. The third round went one minute and thirteen seconds. Miske went down three times in the less than two and one half rounds of fighting. In the second he measured his length on the floor for the count of five. In the fatal third, driven to his corner under a rain of left and rights to the stomach, the challenger took the count of nine and had just regained his feet when Dempsey, carefully measuring his balance, finished the bout with a right hand punch to the chin.

Orderly Crowd Sees Fight

The fight was watched by one of the most orderly crowds on record at a championship match. Women were scattered thru the audience from the ringside to the back fence where they perched against the wicked barbed wires and outstretched some of the sign boards in attracting attention. Delayed special trains held back the fight, and in the confusion of the long wait, Miske, first into the ring, slipped thru the crowd scarcely noticed. A messenger from the champion's camp presently arrived to inquire whether the challenger was in the ring. This formality of the squared circle over, the messenger hiked back to Dempsey's camp, while Miske waited ten minutes for the champion, who drew an ovation as he marched thru the crowd. Miske's fighting togs bore his initials elaborately embroidered in silk on the left leg. Dempsey had the regular red, white and blue costume.

Miske's Forehead Wrinkled

Miske was pale, his forehead wrinkled and his lips pressed tight as he sprang to meet Dempsey with the opening kong. He landed the first blow, oth challenger and champion measured each other with a cautious tattoo of lefts and rights none of them seeming to punish much. The crowd yelled at Dempsey to speed it up and Miske grinned. Dempsey crossed a left to the law and followed with a right to the stomach that fairly boomed with its solid impact. Miske backed away and covered up without showing signs of distress. Dempsey finished the session by feinting with a left to Miske's wind and following with a right to the head. Second round opened fast with the champion trying hard to rock Miske's head with his left. Dempsey found his opponent's jaw with a terrific left that snapped Miske's head back and left him dizzy and before he had recovered the champion stepped in and bored upward with a right blow that landed just below the heart and sent Miske sprawling on his side half sitting.

Despite shouts from his handlers to take all the rest he could Miske struggled up at the count of five and backed away, covering his stomach. Dempsey rushed and Miske slipped in for a clinch, but the champion kept one arm free and landed three short arm blows to the chin. Stepping free he swung with his left in a feint and Miske recoiled before the blow which never landed. Miske came up strong in the third and fighting desperately, with his teeth gritted he bored in with a rapid exchange, landing a right to the body, but his speed proved his eventual undoing, for he failed to cover his weakest spot, the body. Dempsey matched speed for speed and the round was still young when his swift traveling left found Miske's stomach again and the challenger went down. At the count of three he was on his knees but plainly suffering from the punishment, and he took the full count of nine before coming up.

Dempsey Downs Miske

As Miske struggled to his feet, Dempsey stepped back, carefully measured his distance and bored upward with a right hand swing that landed squarely on Miske's chin. The challenger fell like a log, lying partly under the ropes

GOVERNOR COX SAYS HE FAVORS IRISH REPUBLIC

Believes in Self Determina- tion for All Na- tions

DEMOCRATIC CANDI- DATE SPENDS BUSY DAY

ST. PAUL, Minn., Sept. 6.—Governor Cox worked a full hard day here today on what he termed his "pilgrimage to the Pacific Coast." The Democratic presidential made several speeches, viewed exhibits at the Minnesota State Fair, where he drove a race horse around the track, attended several receptions and went tonight to Minneapolis to close his Minnesota visit with another address.

Two extensive and several minor speeches were made here by Governor Cox. He addressed at the fair grounds what was said to be a record for Minnesota and spoke to a large gathering later at the auditorium. Agricultural and labor questions were the governor's Labor Day subjects at the fair grounds and the league of nations that of his public meeting here tonight.

A statement that he favored applications of the principle of self-determination to Ireland was made at the latter meeting by the candidate in response to a question from a man in his audience.

"If elected president," the governor was asked, "will you recognize the Irish Republic?"

Favors Irish Independence

"I am in favor of the application of the principle of self-determination in Japan, in Persia, in Turkey and in Ireland," was the governor's reply. The governor preceded his reply with a statement that the armistice was based on President Wilson's fourteen points, including that of a self-determination and that article ten would protect nations from external aggression, "bullying attacks of stronger nations," he said. He added that nations should be built from "radical groups rather than mountains and rivers."

The league was advocated by the governor to his auditorium audience as prerequisite to world readjustment.

"It is the salvation of France, Austria, Poland and Germany," he declared repeating his pleas for disarmament and denouncing separate peace which Senator Harding, his Republican opponent, the governor declared advocates, "in plain words."

E. H. MOORE WILL
APPEAR BEFORE
COMMITTEE TODAY

To Present Evidence Fur-
nished by Governor
Cox

WILL FURNISH ALL
KINDS OF EVIDENCE

CHICAGO, Sept. 6.—Senatorial investigation of presidential campaign expenditures will be resumed here tomorrow with E. H. Moore, personal representative of Governor James M. Cox, called as the chief witness before the senate sub-committee when it reconvenes after a four day recess.

Mr. Moore, manager of Governor Cox's pre-convention campaign was sent here last Thursday by the Democratic presidential nominee with data he announced "would prove that Republican leaders had openly boasted that they had devised a fund raising plan which would bring in at least \$16,000,000 for the campaign fund."

Mr. Moore has announced that he is prepared to furnish the committee facts and not merely leads, although he would furnish plenty of the latter in the form of names of men "could give the most minute details concerning the Republican fund raising plans."

REPORT MACSWINEY
FAST FADING AWAY

LONDON, Sept. 6.—At 9 o'clock tonight Lord Mayor MacSwiney was still living but his weakness was increasing and the prison doctor suggested to his relatives that he be not allowed to converse because of the waste of strength.

His wife and sister spent several hours in the prison today. On leaving this evening, his wife said that the lord mayor was very weak.

On leaving the prison tonight Father Dominic, the lord mayor's chaplain reported:

"The Lord Mayor MacSwiney is fading away. The alteration in his countenance since my visit this afternoon was very noticeable."

FOUNDER OF SINK FEIN
SENDS CABLE TO WILSON

Bublin, Sept. 6.—Arthur Griffith founder of the Sinn Fein organization has sent a cable message to President Wilson recalling the British endorsement of the American statement including the right of self determination with the consent of the governed and adding that to assert this right the Lord Mayor of Cork is dying in Brixton prison.

WRECKERS PLAN TO KILL EVERY ONE ON TRAIN

Want to Wreck Train Because Only Rich Ride in Sleepers

DEPORTATIONS ARE PROBABLE

SPRINGFIELD, Ill., Sept. 6.—Confessions from the erst conspirators said to be directly connected with the plot to wreck the "Diamond Special" of the Illinois Central railroad near here Wednesday night were obtained tonight by Chief of Police Morris and federal agents following a day of grilling. Officials declared their belief that had the plan been carried out not one passenger on the train would have escaped alive.

Nineteen men, all foreigners, are under arrest, and all are declared by officials to be members of the communist party. Only the eight who have confessed were connected with the plot. The track, according to the confessions, was to have been torn up about 300 feet from a bridge near the village of Bissell so that the train would be plunged into the ravine, about 50 feet in depth.

Whatever passengers remained alive, Chief Morris declared the confessions said, the plotters intended to kill, and then "to kick in the teeth of the rich."

Only Rich Ride in Sleepers

The Diamond Special was selected "because only the rich ride on it; poor people don't ride in sleepers."

A member of the gang was to be stationed at the nearest farm house to kill his owner, if he raised an outcry and phone wires were to be cut, according to the confessions.

"In my twenty three years of police service, I have never known a more carefully laid and diabolical plot to destroy life," declared Chief of Police Morris.

Direct connection between the men in custody and other communists who scattered leaflets here today urging destruction of the government and support of the soviet regime of Russia has been established, according to these authorities and further arrests are expected.

State and federal warrants charging conspiracy, attempt to commit a felony and counterfeiting will prevent any chance of liberty on bonds, officials declare and the eight men who have confessed will be held to the grand jury. Deportation proceedings also are a probability.

COMMANDER OF
SUBMARINE TESTIFIES

PHILADELPHIA, Sept. 6.—Lieutenant Commander Charles M. Cooke, Jr., of the submarine S-5, sunk last week off the Delaware Capes, testified in the preliminary investigation of the accident that he believed neglect to close the main induction valve when the boat took its dive was responsible for the mishap, according to an unofficial report received here.

The investigation was held aboard the battleship Ohio which today arrived in Hampton Roads. He said innumerable things had to be done almost at the same instant when the dive was taken and added that he could hardly hold any one culpable for overlooking for an instant of one detail. Commander Cooke testified that he thought all the officers and men were deserving of commendation for their magnificent morale, their courage and their uncomplaining perseverance and attention to duty.

STATEMENT ISSUED
BY LLOYD GEORGE

LONDON, Sept. 7.—A despatch to the London Times from Visge, Switzerland, quotes Lloyd George, the British premier as saying that if guarantees are given that the murder of policemen in Ireland will cease the premier is convinced that Lord Mayor MacSwiney and the other hunger strikers will be released from prison. Other special despatches printed in the Times.

According to the Times the premier said that not a single one of the deluge of appeals for clemency offered the slightest assurance that such killings would be stopped. He added that the unconditional release of the imprisoned men would be disastrous to the morale of the Irish police and make government in Ireland impossible.

NON-UNION MINERS
KILLED IN FIGHT

BIRMINGHAM, Ala., Sept. 6.—Sam Linn, non-union miner, was killed and several others were injured in a clash growing out of the coal strike at Gintown, Jefferson county, last night.

The disturbance occurred at the mines of the Poca-Shelby Iron and Steel Co. J. R. Allison, with the murder of Linn, and Henry M. Brewer, non-union worker is held on a charge of assault with intent to murder.

Lord Mayor MacSwiney Offered Food Every Day

LONDON, Sept. 6.—(By The Associated Press.)—Each day as the fast of Lord Mayor MacSwiney in Brixton Prison progresses there is staged by the bedside of the dying man a tragic little act, which was disclosed to The Associated Press today by Father Dominic of the Franciscan Capuchin Order, Mayor MacSwiney's private chaplain.

Every morning food in some form or another is brought in by the prison authorities and offered to the starving prisoner in the hope that his almost uncontrollable craving will master him and that he will be tempted to eat. Every morning there is the same end to the act—MacSwiney, who is too weak to utter a spoken refusal, crushes his desire and turns his head away. So it has gone on until the 25th day of his hunger strike has been reached.

There have been many rumors that MacSwiney was being given sustenance in drinking water or otherwise. This is indignantly denied by relatives and friends, and The Associated Press was further informed in another quarter today that the prison authorities have not given the lord mayor food in this manner.

Also some people say that the desire for food disappears after a few days of abstinence it is not so in Mayor MacSwiney's case. Father Dominic said, "he is still hungry, but refuses to take anything although it is brought in to him regularly."

The lord mayor looked pale, drawn and haggard this morning when I administered the usual sacrament and the local rumor that he received the last sacrament today is not true. MacSwiney has intervals of dizziness and is only able to speak in short gasps, owing to difficulty in breathing and any attempt at continual conversation is impossible.

Lord Mayor MacSwiney is in the same room as was occupied by Sir Roger Casement before the latter was transferred to the Tower.

OTTO LOESCHE WINNER OF THE PIKE'S PEAK RACE

Weather Conditions Prevent Record Breaking Time

DRIVERS HAVE TO FIGHT SNOW STORM

COLORADO SPRINGS, Colo., Sept. 6.—Otto Loesche, driver of Car No. 7 in the Pike's Peak automobile hill climbing contest won the contest here today. The unofficial time was given as 22:25-2-5. Arthur Cline, driver of Car No. 6 came in second, 22:30-4-5.

William Bentrup, won the small car race and Davis Lewis was second. Loesche not only won the Penrose trophy and the \$500 prize but also the \$500 prize for the big car event and in addition he set the best time for the day's driving, which was 22:25-2-5 compared to Mulford's time in 1916 of 18 minutes and 24 seconds.

A heavy snow fall blinded the drivers near the final stretch while the roads were slippery and wet. Goggles stuck to their faces and had to be tossed aside. Curves were taken with reckless abandon but there were no serious accidents.

Ralph Mulford, picked by many to win because of his record here four years ago, abandoned the race just about the 14 mile point because of blinding snow, although two other cars had preceded him into the storm.

TEN BODIES ARE RECOVERED FROM RUINS

Many Die in Hotel Fire in Oregon—Many Treated for Burns and Injuries

Klamath Falls, Ore., Sept. 6.—Ten bodies had tonight been removed from the ruins of the Houston Hotel which burned to the ground early today. Four other bodies have been located in the tangle of charred timbers but because of intense heat firemen have been unable to reach them. Seven persons were being treated for burns and injuries suffered in jumping from the building. Eight buildings in addition to the hotel were consumed and the property loss was estimated at \$200,000.

The fire started beneath a stairway in the hotel, a three story frame structure comprising 38 rooms into which guests estimated to number 100, mostly visitors here for a Labor Day celebration had been crowded. The fire had made considerable headway when it was discovered at three o'clock.

STREET CAR STRIKERS CLASH WITH POLICE

New York, Sept. 6.—Brooklyn Rapid Transit company strike sympathizers returning from a Labor Day celebration, late today attempted to rush a car manned by strike-breakers and clashed with the police. One striker was shot, arrested and taken to a hospital and several others were injured. Police reserves dispersed the crowd.

BLEN UP MUNITIONS

Berlin, Sept. 6.—A train loaded with food and munitions for the inter-allied occupation troops in upper Silesia was stopped today at Erfurt by railway workers. The railroad workers uncoupled the munition car which they blew up. They permitted the remainder of the train to proceed.

COAL MINE TOWER
AT MINONK DESTROYED

Bloomington, Ill., Sept. 6.—A fire presumably started by a railroad locomotive destroyed the tower of the W. G. Sutton Coal mine at Minonk, about noon today. Besides the tower, considerable machinery was destroyed in addition to two cars and about 500 tons of coal. The tower was a seething mass of flames before the fire was noticed. The loss will amount to nearly \$40,000.

PEACE LEAGUE IS DISCUSSED BY SENATOR HARDING

Says Path Open and America Will Play Big Part

AGRICULTURE SUBJECT AT MINNESOTA FAIR

MARION, O., Sept. 6.—Senator Harding's views on the league of nations and labor issues were further elaborated by the Republican nominee on the eve of his departure for Minnesota to make his first campaign speech outside of Ohio.

"Amendment or revision of reconstruction," of the league opponent he declared still was among the possibilities to be considered when the time came to frame a specific program for international peace. In such a reconstruction, he added, Europe wanted this nation to lead the way.

Outlining his labor program, he advocated a closer relationship between employers and employees thru joint advisory committees and voluntary arbitration and asserted that, although he believed in unionism he opposed labor's provision of the Cummins-Esch railway act and declared the cost of living could be reduced only if laborers gave honest effort in return for the present high wages.

The candidate's declaration regarding a league program was made tonight in commenting formally on the visit here yesterday of George W. Wickersham, former Republican attorney general and a league supporter. After his conference with the nominee Mr. Wickersham issued a statement saying the former would not "finally" reject the league.

General Wickersham's statement said Senator Harding, "calls for no construction from me. We do not write statements for our visitors nor censor their words. This is not a campaign of one mind, nor is there insistence that all Republicans shall think precisely as the nominee thinks."

"I have spoken in the speech of acceptance and again on August 28 on the matter of the league of nations and the purpose uttered these addresses will not be altered."

It is folly to speak about a specific program. The specific thing must be evolved out of a conference of the best thought and highest capacity which can be brought together not to the dictation of one spokesman. We are all agreed now that amendment or revision or reconstruction is possible and vastly better than reservation. Moreover, Europe is in accord and has suggested that we lead the way.

Manifestly the path is open clearly and we shall play America's big part and hold fast to all America holds dear.

"There can be no lack of clarity about that."

The nominee also indicated that he might carry his suggestion for a new association of nations a step farther in the near future, but he emphasized his belief that it probably would be impossible because of rapidly changing conditions abroad to commit himself to any definite or detailed plan.

Will Discuss Agriculture

Agricultural issues are to have almost exclusive attention in the senator's speech Wednesday at the Minnesota state fair but he may make short talks at other places during the trip on other subjects.

Altho he has declared his disinclination to any rear-platform or impromptu speechmaking he is understood to feel that it will be difficult to avoid some modification of his program.

TROOPS HELD READY
FOR RIOT DUTY

Louisville, Ky., Sept. 6.—Seven hundred men of the eighty first field artillery at Camp Zachary Taylor, today were ordered to hold themselves in readiness for riot duty. The order, which Major A. G. Sands, their commander said, came from Washington, made no provision for entrainment and did not name a destination. Best of official military opinion was that the regiment was destined for duty in the West Virginia-Kentucky coal strike area.

VESSEL WITH GENERAL
CARGO ARRIVES AT FIUME

Paris, Sept. 6.—The arrival at Fiume of the steamer Cogne, with a general cargo values at 10,000 francs is reported in a Fiume dispatch today. The cargo was originally destined for America but Fiumian officials succeeding the captain while the vessel was enroute at Catania, to divert her to Fiume.

ARMED MEN ATTACK
COAST GUARD STATION

Donegal, Ireland, Sept. 6.—A large number of men, armed with rifles and bombs made a night attack last night upon the Donegal coast guard station on the Donegal coast, overcame the garrison and carried off all its firearms, equipment and ammunition.

TEN ARE KILLED WHEN INTERURBAN MEET HEAD ON

Special Car Fails to Get Orders to Wait for Regular

CONDUCTOR JUMPS FROM CAR IS KILLED

BULLETIN

DENVER, Colo., Sept. 6.—With the death of Joseph Lombardi, miner, of Louisville, Colo., in a local hospital tonight the death list in the collision of two interurban cars near Globeville, this afternoon reached eleven.

Denver, Colo., Sept. 6.—Eleven persons were killed and 70 injured when two interurban cars collided head-on on a curve just outside of Globeville, a suburb of Denver, this afternoon.

A special car on a train carrying a load of holiday pleasure seekers to Eldorado Springs, a well known resort, collided with a regular car returning from Boulder, to Denver on the Denver and Interurban railway. According to officials in charge of the Globeville Station, the conductor of the outbound car failed to obtain orders to wait at Globeville for the incoming car which was two minutes behind schedule and was running at high speed to make up time. When the cars struck, they plowed into each other for a distance of fifteen feet. Most of the casualties occurred on the inbound car, but few on either car escaped without injury. At least two persons were killed when they jumped in an attempt to save themselves.

One of these was Conductor C. W. Graymeyer who was in charge of the car. The other was Frank Dalby of Globeville. Four of the dead and many of those injured were from Louisville and were on the car coming to Denver.

FEDERATION OF FEDERAL EMPLOYEES PROTEST STATEMENT

Don't Want Post Office Em- ployes Let Out

WOULD BE BAD FOR SERVICE

ST. LOUIS, Mo., Sept. 6.—A resolution protesting against the reported statement of Clarence B. Miller, secretary of the Republican national committee that the cost of living could be reduced by the dismissal of 300,000 government employees from office was adopted late today at the convention of the National Federation of Federal Employees in session here.

The resolution points out that 300,000 of the 640,000 civilian employees in the government are working in the postoffice alone and that such a reduction would be determined to the operation of the government.

Following adoption of the resolution, Luther C. Steward of Washington, president of the organization explained that the federation favored the dismissal of all employees whose services were not absolutely necessary.

C. & A. LIMITED CUT
AUTOMOBILE IN TWO

LINCOLN, Ill., Sept. 6.—The Alton Limited, running behind time near here this afternoon struck the automobile of Miss Margaret Burns, clerk in the American National Bank here, at a crossing and cut the machine in two, throwing the back seat and top of the machine forty feet and dragging the rest one hundred feet farther. Miss Burns suffered a fractured skull, and probably internal injuries.

SEVEN PERSONS ARE
INJURED IN COLLISION

Nagata Falls, N. Y., Sept. 6.—Seven persons were injured, none seriously today in a collision of two trains of trolley cars in Niagara Gorge. Several other passengers on the rear trailers of one of the trains saved themselves by jumping when they saw the other train bearing down upon them. A break in the trolley line caused the first train to stall. All but one of the injured were from Toronto.

FORMER ARMY AVIATOR
FALLS TO HIS DEATH

Detroit, Mich., Sept. 6.—Myron L. Tinney, former army aviator fell 500 feet to his death late today while performing aerial acrobatics at the state fair grounds. In an attempt to catch a rope ladder on which he was to climb from one plane to another flying above him, he missed his hold and plunged from the top of his machine.

HUNGARIAN STRIKERS ASK
TO DIE IN PEACE

Cork, Sept. 6.—The deputy lord mayor of Cork today authorized the statement that the eleven hunger strikers in the Cork Jail, who are on the 26th day of their abstinence from food had expressed the wish that they be paid no more visits by the prison doctor. They desired to be allowed to die in peace, they declared.

IMPLEMENT PRICES HAVE BEEN BOOSTED BY MANUFACTURERS

According to Report Of Federal Trade Commission

MUST SEPARATE BIG PLANTS FOR RESULTS

WASHINGTON, Sept. 6.—Declaring prices of farm implements to have been increased "without warrant thru concerted action" of manufacturers and dealers the federal trade commission in a report made public tonight recommends re-opening of anti-trust proceedings against the International Harvester company and institution of federal proceedings against implement manufacturers and dealers.

The commission declares that its investigation, which was ordered by the senate, disclosed that in the period between 1914 and 1918 price paid by farmers for implements advanced 17 per cent with the great portion of the increase coming in 1917 and 1918. This increase, the commission asserts was larger than warranted by the advances in the costs and expenses of the manufacturers and dealers and resulted in unusually large profits.

Notwithstanding the increase, farmers of the country according to the commission's report were not prevented from making as much profit as before because the price of farm products increased to an even greater extent.

The report adds however, that if present implement prices are maintained while prices of farm products decreased, high implement costs "may well become a factor in preventing the farmer from making a fair profit."

Says I. H. C. Still Dominates

The proposed dissolution of the International Harvester company in 1918," declares the commission's report did not change the dominating position of that company in the harvesting machine line and will not do so while the McCormick and Deering plants and the steel business remain united under the control, either directly or by common ownership of stock.

The dominating position of the International Harvester company is chiefly with respect to the harvesting machine line and particularly with respect to grain binders. The maintenance of this position is aided by the steel-making business of the company, which furnish it either with large profits or with steel at cost, thereby further increasing the International Harvester company's dominating position by reducing its already low costs of manufacture.

The division of the business of the International Harvester company therefore should be made in such a way as to divide effectively the harvesting-machine line and to separate therefrom the steel business less than half of the products of which have been utilized by its implement factories and is therefore much too large to be left with anyone of them.

Plants Must be Separated

To make any such division of the harvesting machine line effective in restoring competition it would be absolutely essential to separate the McCormick and Deering plants and the McCormick and Deering brand. It will also be necessary, of course, to enforce absolute separation of ownership of the stock in the new companies organized.

It is necessary to separate the McCormick and Deering plants and brands because according to judicial decision they were illegally combined in 1902 and because it is these that have given the International Harvester company its dominating position in the harvesting machine line.

By their volume of output their low cost of production and reputation in the trade, the possession of the two plants and brands make effective competition from other manufacturers illusory.

URGENT PROTECTION FOR
U. S. DYE MANUFACTURERS

Chicago, Sept. 6.—The American Chemical society today passed resolutions expressing regret that congress had not passed legislation adequately protecting American dye manufacturers and urging that such legislation be passed.

TAKES DEMPSEY ONLY THREE ROUNDS TO WIN FROM MISKE

Challenger Is Out-
classed by Champion
Thruout Battle

RIGHT TO CHIN
PUTS MISKE OUT

RINGSIDE, BENTON HARBOR, Mich., Sept. 6.—Jack Dempsey, heavyweight champion of the world, demonstrated that he still retains the terrific punch that won him the title. He knocked out Billy Miske, of St. Paul, a fighter as big and game as himself, in the third round of their ten round match.

Three hard smashes were sufficient to win him between \$50,000 and \$100,000, his fifty per cent share of the gate receipts. At the start of the fight, his first in fourteen months, Dempsey peeled off the same worn and patched red sweater that he wore when he knocked out Jess Willard. His face wore the same fighting frown, he danced about the ring with old time lightness of foot and finished up by taking the fight in the third round, just as he did at Toledo. The third round went one minute and thirteen seconds. Miske went down three times in the less than two and one half rounds of fighting. In the second he measured his length on the floor for the count of five. In the final third, driven to his corner under a rain of left and rights to the stomach, the challenger took the count of nine and had just regained his feet when Dempsey, carefully measuring his balance, finished the bout with a right hand punch to the chin.

Orderly Crowd Sees Fight
The fight was watched by one of the most orderly crowds on record at a championship match. Women were scattered thru the audience from the ringside to the back of the arena where they perched against the wicked barbed wires and outshone some of the sign boards in attracting attention.

Delayed special trains held back the fight, and in the confusion of the long wait, Miske, first into the ring, slipped thru the crowd, scarcely noticed. A messenger from the champion's camp presently arrived to inquire whether the challenger was in the ring. This formality of the squared circle over, the messenger hiked back to Dempsey's camp, while Miske waited ten minutes for the champion, who drew an ovation as he marched thru the crowd. Miske's fighting togs bore his initials elaborately embroidered in silk on the left leg. Dempsey had the regular red, white and blue costume.

Miske's Forehead Wrinkled
Miske was pale, his forehead wrinkled and his lips pressed tight as he sprang to meet Dempsey with the opening gong. He landed the first blow, a challenger and champion measured each other with a cautious tattoo of lefts and rights none of them seeming to punish much. The crowd yelled at Dempsey to speed it up and Miske grinned. Dempsey crossed his left to the jaw and followed with a right to the stomach that fairly boomed with its solid impact. Miske backed away and covered up without showing signs of distress. Dempsey finished the session by feinting with a left to Miske's wind and following with a right to the head. Second round opened fast with the champion trying hard to rock Miske's head with his left. Dempsey found his opponent's jaw with a terrific left that snapped Miske's head back and left him dizzy and before he had recovered the champion stepped in and bored upward with a right blow that landed just below the heart and sent Miske sprawling on his side half sitting.

Despite shouts from his handlers to take all the rest he could Miske struggled up at the count of five and backed away, covering his stomach. Dempsey rushed and Miske slipped in for a clinch, but the champion kept one arm free and landed three short arm blows to the chin. Stepping free he swung with his left in a feint and Miske recoiled before the blow which never landed. Miske came up strong in the third and fighting desperately, with his teeth gritted he bored in with a rapid exchange, landing a right to the body, but his speed proved his eventual undoing, for he failed to cover his weakest spot, the body. Dempsey matched speed for speed and the round was still young when his swift traveling left found Miske's stomach again and the challenger went down. At the count of three he was on his knees but plainly suffering from the punishment, and he took the full count of nine before coming up.

Dempsey Downs Miske
As Miske struggled to his feet, Dempsey stepped back, carefully measured his distance and bored upward with a right hand swing that landed squarely on Miske's chin. The challenger fell like a log, lying partly under the ropes

GOVERNOR COX SAYS HE FAVORS IRISH REPUBLIC

Believes in Self Determination for All Nations

DEMOCRATIC CANDIDATE SPENDS BUSY DAY

ST. PAUL, Minn., Sept. 6.—Governor Cox worked a full holiday here today on what he termed his "pilgrimage to the Pacific Coast." E. H. MOORE WILL APPEAR BEFORE COMMITTEE TODAY

To Present Evidence Furnished by Governor Cox

WILL FURNISH ALL KINDS OF EVIDENCE

CHICAGO, Sept. 6.—Senatorial investigation of presidential campaign expenditures will be resumed tomorrow with E. H. Moore, personal representative of Governor James M. Cox, called as the chief witness before the senate sub-committee when it reconvenes after a four day recess.

Mr. Moore, manager of Governor Cox's pre-convention campaign was sent here last Thursday by the Democratic presidential nominee with data he announced would prove that Republican leaders had devised a fund raising plan which would bring in at least \$16,000,000 for the campaign fund.

Mr. Moore has announced that he is prepared to furnish the committee facts and not merely leads, although he would furnish plenty of the latter in the form of names of men who "could give the most minute details concerning the Republican fund raising plans."

REPORT MACSWINEY FAST FADING AWAY

LONDON, Sept. 6.—At 9 o'clock tonight Lord Mayor MacSwiney was still living but his weakness was increasing and the prison doctor suggested to his relatives that he be not allowed to converse because of the waste of strength.

His wife and sister spent several hours in the prison today. On leaving this evening, his wife said that the lord mayor was very weak.

On leaving the prison tonight Father Dominic, the lord mayor's chaplain reported: "The Lord Mayor MacSwiney is fading away. The alteration in his countenance since my visit this afternoon was very noticeable."

FOUNDER OF SINN FEIN SENDS CABLE TO WILSON

Bufile, Sept. 6.—Arthur Griffith founder of the Sinn Fein organization has sent a cable message to President Wilson recalling the British endorsement of the American statement including the right of self-determination with the consent of the governed and adding that to assert this right the Lord Mayor of Cork is dying in Brixton prison.

WRECKERS PLAN TO KILL EVERY ONE ON TRAIN

Want to Wreck Train Because Only Rich Ride in Sleepers

DEPORTATIONS ARE PROBABLE

SPRINGFIELD, Ill., Sept. 6.—Confessions from the wreckers connected with the plot to wreck the "Diamond Special" of the Illinois Central railroad near here Wednesday night were obtained tonight by Chief of Police Morris and federal agents following a day of grilling. Officials declared their belief that had the plan been carried out not one passenger on the train would have escaped alive.

Nineteen men, all foreigners, are under arrest, and all are declared by officials to be members of the communist party. Only the eight who have confessed were declared to have been directly connected with the plot. The track, according to the confessions, was to have been torn up about 300 feet from a bridge near the village of Bissell so that the train would be plunged into the ravine, about 50 feet in depth.

Whatever passengers remained alive, Chief Morris declared the confessions said, the plotters intended to kill, and then "to kick in the teeth of the rich."

Only Rich Ride in Sleepers

The Diamond Special was selected "because only the rich ride on it; poor people don't ride in sleepers."

A member of the gang was to be stationed at the nearest farm house to kill its owner, if he raised an outcry and phone wires were to be cut, according to the confessions.

"In my twenty three years of police service, I have never known a more carefully laid and diabolical plot to destroy life," declared Chief of Police Morris.

Direct connection between the men in custody and other communists who scattered leaflets here today urging destruction of the government and support of the soviet regime of Russia has been established, according to these authorities and further arrests are expected.

State and federal warrants charging conspiracy, attempt to commit a felony and counterfeiting will prevent any chance of liberty on bonds, officials declare and the eight men who have confessed will be held to the grand jury. Deportation proceedings also are a probability.

COMMANDER OF SUBMARINE TESTIFIES

PHILADELPHIA, Sept. 6.—Lieutenant Commander Charles M. Cooke, Jr., of the submarine S-5, sunk last week off the Delaware Capes, testified in the preliminary investigation of the accident that he believed neglect to close the main induction valve when the boat took its dive was responsible for the mishap, according to an unofficial report received here.

The investigation was held aboard the battleship Ohio which today arrived in Hampton Roads. He said innumerable things had to be done almost at the same instant when the dive was taken and added that he could hardly hold any one culpable for overlooking for an instant of one detail. Commander Cooke testified that he thought all the officers and men were deserving of commendation for their magnificent morale, their courage and their uncomplaining perseverance and attention to duty.

STATEMENT ISSUED BY LLOYD GEORGE

LONDON, Sept. 7.—A despatch to the London Times from Veige, Switzerland, quotes Lloyd George, the British premier as saying that if guarantees are given that the murder of politicians in Ireland will be stopped, the premier is convinced that Lord Mayor MacSwiney and the other hunger strikers will be released from prison. Other special despatches tend to confirm the interview printed in the Times.

According to the Times the premier said that not a single one of the deluge of appeals for clemency offered the slightest assurance that such killings would be stopped. He added that the unconditional release of the imprisoned men would be disastrous to the morale of the Irish police and make government in Ireland impossible.

NON-UNION MINERS KILLED IN FIGHT

BIRMINGHAM, Ala., Sept. 6.—Sam Linn, non-union miner, was killed and several others were injured in a clash growing out of the coal strike at Gintown, Jefferson county, last night.

The disturbance occurred at the mines of the Birmingham Iron and Steel Co. J. R. Allison, union miner, is in jail charged with the murder of Linn, and Henry M. Brewer, non-union worker is held on a charge of assault with intent to murder.

Lord Mayor MacSwiney Offered Food Every Day

LONDON, Sept. 6.—(By The Associated Press.)—Each day as the fast of Lord Mayor MacSwiney in Brixton Prison progresses there is staged by the bedside of the dying man a tragic little act, which was disclosed by The Associated Press today by Father Dominic of the Franciscan Capuchin Order, Mayor MacSwiney's private chaplain.

Every morning food in some form or another is brought in by the prison authorities and offered to the starving prisoner in the hope that his almost uncontrollable craving will master him and that he will be tempted to eat. Every morning there is the same end to the act—MacSwiney, who is too weak to utter a spoken refusal, crushes his desire and turns his head away. So it has gone on until the 25th day of his hunger strike has been reached.

There have been many rumors that MacSwiney was being given sustenance in drinking water or otherwise. This is indignantly denied by relatives and friends, and The Associated Press was further informed in another quarter today that the prison authorities have not given the lord mayor food in this manner.

Altho some people say that the desire for food disappears after a few days of abstinence it is not so in Mayor MacSwiney's case. Father Dominic said, "he is still hungry, but refuses to take anything altho it is brought in to him regularly."

"The lord mayor looked pale, drawn and haggard this morning when I administered the usual sacrament and the local rumor that he received the last sacrament today is not true. MacSwiney has intervals of dizziness and is only able to speak in short gasps, owing to difficulty in breathing and any attempt at continual conversation is impossible."

Lord Mayor MacSwiney is in the same room as was occupied by Sir Roger Casement before the latter was transferred to the Tower.

OTTO LOESCHE WINNER OF THE PIKE'S PEAK RACE

Weather Conditions Prevent Record Breaking Time

DRIVERS HAVE TO FIGHT SNOW STORM

COLORADO SPRINGS, Colo., Sept. 6.—Otto Loesche, driver of Car No. 7 in the Pike's Peak automobile hill climbing contest won the contest here today. The unofficial time was given as 22:25 2-5. Arthur Cline, driver of Car No. 6 came in second, 22:30 4-5.

William Bentrup, won the small car race and Davis Lewis was second. Loesche not only won the Penrose trophy and the \$500 prize but also the \$500 prize for the big car event and in addition he set the best time for the day's driving, which was 22:25 2-5 compared to Mulford's time in 1916 of 18 minutes and 24 seconds.

A heavy snow fall blinded the drivers near the final stretch while the roads were slippery and wet. Goggles stuck to their faces and had to be tossed aside. Curves were taken with reckless abandon but there were no serious accidents.

Ralph Mulford, picked by many to win because if his record here four years ago, abandoned the race just about the 14 mile point because of blinding snow, altho two other cars had preceded him into the storm.

TEN BODIES ARE RECOVERED FROM RUINS

Many Die in Hotel Fire in Oregon—Many Treated for Burns and Injuries.

Klamath Falls, Ore., Sept. 6.—Ten bodies had tonight been removed from the ruins of the Houston Hotel which burned to the ground early today. Four other bodies have been located in the tangle of charred timbers but because of intense heat firemen have been unable to reach them. Seven persons were being treated for burns and injuries suffered in jumping from the building. Eight buildings in addition to the hotel were consumed and the property loss was estimated at \$300,000.

The fire started beneath a stairway in the hotel, a three story frame structure comprising 35 rooms into which guests estimated to number 100, mostly visitors here for a Labor Day celebration had been crowded. The fire had made considerable headway when it was discovered at three o'clock.

STREET CAR STRIKERS CLASH WITH POLICE

New York, Sept. 6.—Brooklyn Rapid Transit company strike sympathizers returning from a Labor Day celebration, late today attempted to rush a car manned by strike-breakers and clashed with the police. One striker was shot, arrested and taken to a hospital and several others were injured. Police reserves dispersed the crowd.

Blew Up Munitions
Berlin, Sept. 6.—A train loaded with food and munitions for the inter-allied occupation troops in upper Silesia was stopped today at Erfurt by railway workers. The railway workers uncoupled the train car which they blew up. They permitted the remainder of the train to proceed.

COAL MINE TOWER AT MINONK DESTROYED

Bloomington, Ill., Sept. 6.—A fire presumably started by a railroad locomotive destroyed the tower of the W. G. Sutton Coal mine at Minonk, about noon today. Besides the tower, considerable machinery was destroyed in addition to two cars and about 500 tons of coal. The tower was a seething mass of flames before the fire was noticed. The loss will amount to nearly \$40,000.

THREE TOURISTS ARE KILLED IN THE CAVE OF THE WINDS

Shale Slide Under Niagara Falls Endangers Many

DIFFICULTY IN RECOVERING BODIES

NIAGARA FALLS, N. Y., Sept. 6.—Two women and a man were crushed to death and two men were injured this afternoon when a slide of shale forced out a bridge leading to one of the stairways in the Cave of the Winds under Niagara Falls, a hundred more tourists who were in the cave at the time had narrow escapes, many being bruised and cut by the falling rock.

The dead are: A. Hartman, Brooklyn; his wife, Louise Hartman, and Clara M. Faust, Pittsburgh. The injured are: T. W. Lee, Pittsburgh, and Frank E. Hahling, Detroit.

Victims Had No Warning
The dead and injured were members of a party of tourists just completing a tour of the cave. With a guide leading, the party was in the middle of one of the four bridges in the cave when the slide came, its noise drowned by the roar of the cataract. The guide was not touched by the slide and his first intimation of it came from the screams of the women in the party.

To recover the bodies of the dead it was necessary to take a row boat from the Maid of the Mist steamer which had been run up as near as possible to the falls but the row boat crew finally tumbled, but the row boat crew finally brought the bodies out of the pool and regained the steamer.

The accident is the first of the kind that has occurred in the cave since the first stairway was built in 1883. There have been slides before but only in the winter or early spring.

GOMPERS BOOSTS COX FOR PRESIDENT

Senator Harding Nice Respectable Gentleman—Defends League of Nations.

Columbus, O., Sept. 6.—In a Labor Day speech here today Samuel Gompers, president of the American Federation of Labor, championed the candidacy of Governor Cox for president. He said Governor Cox in congress had voted favorably on all legislation in the interests of the people and had lent his influence in passage of all constructive legislation as governor of Ohio.

Senator Harding was characterized as a "nice respectable gentleman," by Mr. Gompers. "But what else?" he asked. "The most conspicuous thing about Harding," he continued, "has been his inactivity in everything constructive, and his activity in everything reactionary."

Gompers defended the league of nations and characterized congress as a "congress of negation."

The Esch-Cummings act, he declared, would "create industrial slavery."

OWNER ROBBED HIS OWN RESTAURANT

Chicago, Sept. 6.—Antonio Rakos, restaurant owner, robbed one of his own restaurants last night when upon passing it he saw both the cashier and the chef asleep.

Several hours later the two employees informed a policeman three armed men had covered them and taken the cash register. "I could have taken out the counters if they hadn't been nailed down," said Rakos. "They're both fired."

Marshalltown, Ia., Sept. 6.—J. L. Johnson, 60, a foreman in the Marshalltown & St. Louis railroad, and his wife were burned seriously when Mrs. Johnson, by mistake poured gasoline into the kitchen stove to hurry a fire.

PEACE LEAGUE IS DISCUSSED BY SENATOR HARDING

Says Path Open and America Will Play Big Part

AGRICULTURE SUBJECT AT MINNESOTA FAIR

HARDING, O., Sept. 6.—Senator Harding's views on the league of nations and labor issues were further elaborated by the Republican nominee on the eve of his departure for Minnesota to make his first campaign speech outside of Ohio.

"Amendment or revision of reconstruction," or the league covenant he declared still was among the possibilities to be considered when the time came to frame a specific program for international peace. In such a reconstruction, he added, Europe wanted this nation to lead the way.

Outlining his labor program, he advocated a closer relationship between employers and employees thru joint advisory committees and voluntary arbitration and asserted that, altho he believed in unionism, he opposed labor's domination of business or government. He endorsed the labor provision of the Cummins-Esch railway act and declared the cost of living could be reduced only if laborers gave honest effort in return for the present high wages.

The candidate's declaration regarding a league program was made tonight in commenting informally on the visit here yesterday of George W. Wickersham, former Republican attorney general and a league supporter. After his conference with the nominee Mr. Wickersham issued a statement saying the former would not "finally" reject the league.

Not Campaign of One Mind
General Wickersham's statement said Senator Harding, "calls for no construction from me. We do not write statements for our visitors nor censor their words. This is not a campaign of one mind, nor is there insistence that all Republicans shall think precisely as the nominee thinks."

"I have spoken in the speech of acceptance and again on August 28 on the matter of the league of nations and the purpose uttered in these addresses will not be altered."

It is fully to speak about a specific program. The specific thing must be evolved out of a conference of the best thought and highest capacity which can be brought together not to the dictation of one spokesman. We are all agreed now that amendment or revision or reconstruction is possible and vastly better than reservation. Moreover, Europe is in accord and has suggested that we lead the way.

Manifestly the path is open clearly and we shall play America's big part and hold fast to all America holds dear.

"There can be no lack of clarity about that."

The nominee also indicated that he might carry his suggestion for a new association of nations a step farther in the near future, but he emphasized his belief that it probably would be impossible because of rapidly changing conditions abroad to commit himself to any definite or detailed plan.

Will Discuss Agriculture
Agricultural issues are to have almost exclusive attention in the senator's speech Wednesday at the Minnesota state fair but he may make short talks at other places during the trip on other subjects.

Altho he has declared his disinclination to any rear-platform or impromptu speechmaking he is understood to feel that it will be difficult to avoid some modification of his program.

TROOPS HELD READY FOR RIOT DUTY

Louisville, Ky., Sept. 6.—Seven hundred men of the eighty first field artillery at Camp Zachary Taylor, today were ordered to hold themselves in readiness for riot duty. The order, which Major A. L. G. Sands, their commander said, came from Washington, made no provision for entrainment and did not name a destination. Best official military opinion was that the regiment was destined for duty in the West Virginia-Kentucky coal strike area.

VESSEL WITH GENERAL CARGO ARRIVES AT FLUME

Paris, Sept. 6.—The arrival at Flume of the steamer Cogne, with a general cargo values at 10,000,000 francs is reported in a Flume dispatch today. The cargo was originally destined for America but Flumian officials succeeding the captain while the vessel was coaling at Catania, to divert her to Flume.

ARMED MEN ATTACK COAST GUARD STATION

Donegal, Ireland, Sept. 5.—A large party of men, armed with rifles and bombs made a night attack last night upon the Donegal coast guard station on the Donegal coast, overcame the garrison and carried off all its firearms, equipment and ammunition.

TEN ARE KILLED WHEN INTERURBAN MEET HEAD ON

Special Car Fails to Get Orders to Wait for Regular

CONDUCTOR JUMPS FROM CAR IS KILLED

BULLETIN

DENVER, Colo., Sept. 6.—With the death of Joseph Lombardi, miner, of Louisville, Colo., in a local hospital tonight, the death list in the collision of two interurban cars near Globeville, this afternoon reached eleven.

A special car on a train carrying a load of holiday pleasure seekers to Eldorado Springs, a well known resort, collided with a regular car returning from Boulder, to Denver on the Denver and Interurban railway. According to officials in charge of the Globeville Station, the conductor of the outbound car failed to obtain orders to wait at Globeville for the incoming car which was two minutes behind schedule and was running at high speed to make up time. When the cars struck, they plowed into each other for a distance of fifteen feet. Most of the casualties occurred on the inbound car, but few on either car escaped without injury. At least two persons were killed when they jumped in an attempt to save themselves.

One of these was Conductor C. W. Grensmyer, who was in charge of the car. The other was Frank Dalby of Louisville. Four of the dead and many of those injured were from Louisville and were on the car coming to Denver.

FEDERATION OF FEDERAL EMPLOYEES PROTEST STATEMENT

Don't Want Post Office Employees Let Out

WOULD BE BAD FOR SERVICE

ST. LOUIS, Mo., Sept. 6.—A resolution protesting against the reported statement of Clarence B. Miller, secretary of the Republican national committee that the cost of living could be reduced by the dismissal of 300,000 government employees from the government service adopted today at the convention of the National Federation of Federal Employees in session here.

The resolution points out that 300,000 of the 640,000 civilian employees in the government service are working in the postoffice alone and that such a reduction would be tantamount to the operation of the government.

Following adoption of the resolution, Luther C. Steward of Washington, president of the organization explained that the federation favored the dismissal of all employees whose services were not absolutely necessary.

C. & A. LIMITED CUT AUTOMOBILE IN TWO

LINCOLN, Ill., Sept. 6.—The Alton Limited, running behind time near here this afternoon struck the automobile of Miss Margaret Burns, clerk in the American National Bank here, at a crossing and cut the machine in two, throwing the back seat and top of the machine forty feet and dragging the rest one hundred feet farther. Miss Burns suffered a fractured skull, and probably internal injuries.

SEVEN PERSONS ARE INJURED IN COLLISION

Niagara Falls, N. Y., Sept. 6.—Seven persons were injured, none seriously today in a collision of two trains of trolley cars in Niagara Gorge. Several other passengers on the rear trailers of one of the trains saved themselves by jumping when they saw the other train bearing down upon them. A break in the trolley line caused the first train to stall. All but one of the injured were from Toronto.

FORMER ARMY AVIATOR FALLS TO HIS DEATH

Detroit, Mich., Sept. 6.—Myron L. Tinney, former army aviator fell 500 feet to his death today while performing aerial acrobatics at the state fair grounds. In an attempt to catch a rope ladder on which he was to climb from one plane to another flying above him, he missed his hold and plunged from the top of his machine.

HUNGAR STRIKERS ASK TO DIE IN PEACE

Cork, Sept. 5.—The deputy lord mayor of Cork today authorized the statement that the eleven hunger strikers in the Cork jail, who are on the 26th day of their abstinence from food had expressed the wish that they be paid no more visits by the prison doctor. They desired to be allowed to die in peace, they declared.

IMPLEMENT PRICES HAVE BEEN BOOSTED BY MANUFACTURERS

According to Report Of Federal Trade Commission

MUST SEPARATE BIG PLANTS FOR RESULTS

WASHINGTON, Sept. 6.—Declaring prices of farm implements to have been increased "without warrant thru concerted action" of manufacturers and dealers the federal trade commission in a report made public tonight recommends re-opening of anti-trust proceedings against the International Harvester company and institution of federal proceedings against implement manufacturers and dealers.

The commission declares that its investigation, which was ordered by the senate, disclosed that in the period between 1914 and 1918 price paid by farmers for implements advanced 17 per cent with the great portion of the increase coming in 1917 and 1918. This increase, the commission asserts was larger than warranted by advances in the costs and expenses of the manufacturers and dealers and resulted in unusually large profits.

Notwithstanding the increase, farmers of the country according to the commission's report were not prevented from making as much profit as before because the price of farm products increased to an even greater extent.

The report adds however, that if present implement prices are maintained while prices of farm products decreased, high implement costs "may well become a factor in preventing the farmer from making a fair profit."

Says I. H. C. Still Dominates
The partial dissolution of the International Harvester company in 1918," declares the commission's report did not change the dominating position of that company in the harvesting machine line and will not do so while the McCormick and Deering plants and the steel business remain united under the control either directly or by common ownership of stock.

The dominating position of the International Harvester company is chiefly with respect to the harvesting machine lines and particularly with respect to grain binders. The maintenance of this position is aided by the steel-making business of the company, which furnish it either with large profits or with steel at cost, thereby further increasing the International Harvester company's dominating position by reducing its already low costs of manufacture.

The division of the business of the International Harvester company therefore should be made in such a way as to divide effectively the harvesting-machine lines and to separate therefrom the steel business less than half of the products of which have been utilized by its implement factories and is therefore much too large to be left with anyone of them.

To make any such division of the harvesting machine lines effective, the report contends, it would be absolutely essential to separate the McCormick and Deering plants and the McCormick and Deering brand. It will also be necessary, of course, to enforce absolute separation of ownership of the stock in the new companies organized.

It is necessary to separate the McCormick and Deering plants and brands because according to judicial decision they were illegally combined in 1902 and because it is these plants that have given the International Harvester company its dominating position in the harvesting machine line.

While Governor Cox raves about the "Senate Oligarchy" and the \$150,000,000 Republican slush fund without a word of the country's problems, Senator Harding from his front porch in Marion is quietly and intelligently discussing them. "America first," says Harding. "Politics first," says Cox.

The first cheering note from an authoritative source in the street railway situation in the United States comes from the president of the company which serves the city of Philadelphia, Pennsylvania and quoted in the Christian Science Monitor. He asserts the 5-cent street carfare has not departed forever, and predicts that it will come back to American municipalities with the drop in prices which he says is bound to come.

PLEASING WORKMANSHIP

Of course you want your plumbin installed with careful regard to convenience of arrangement. That is our first thought when we undertake the work. But it isn't all. We use particular precaution not to mar the walls or floors of your home. We aim to leave the finished work as neat and tidy as possible. And we are exceptionally careful to see that all joints and connections are perfectly tight—everything in good working order.

President of Local Tailoring Concern

Makes Timely Statement About the Clothing Market

SAYS LOWER PRICE TALK IS MISLEADING

Makes Thorough Study of Situation and Gives Logical Reasons For Conclusions Reached—Many Delayed Buying Until Fall

On Strength of Rumored Lower Wholesale Prices—Disappointment is Result as An Actual Shortage of Good Woolens Exists—Local Concern Fortunate in Having Considerable High Grade Stock On Hand

Bought Below Present Prices—Announce Some Very Low Figures on Suits and Overcoats for Fall and Winter Wear

In our advertisement last week I told you that I was in Chicago on a buying trip and to study the markets, and promised you an interesting announcement upon my return regarding fabrics and prices for Fall and I wish here to make a plain statement of the actual conditions as I found them.

First let me say that I have taken notice of the growing public sentiment during the past three or four months and the belief that all commodities, including clothing, would certainly soon be lower in price.

This sentiment was so general that I, like many other merchants who already had placed their orders for Fall goods at higher prices than hitherto paid, cancelled the larger part of these orders.

I considered that it would be wise to wait until the latter part of August and if there were any reductions in prices, take advantage of them.

With this idea in mind I went to Chicago and called upon the leading jobbers in that city and made known the fact that I was in the market for merchandise, provided I could buy at figures which would enable us to make and sell first quality suits at really notable reductions.

I must confess that I have been badly fooled and as sorely disappointed.

I was informed invariably and credibly that there were no noticeable reductions in prices; that jobbers had bought very sparingly from the mills with the result that there will be an actual shortage of good cloth.

I also was told that in the great majority of towns and cities there was no business depression, this especially true in manufacturing centers where wages are high and work steady; that only in a few towns like Jacksonville had there been complaints.

It is a fact that in the past year many merchants have overstocked and that in order to reduce and to turn this stock to release their capital have been forced to hold sales, offering striking reductions in prices, but such an action cannot be taken as indicative of early price reduction in clothing.

The fact that wages are high both in the manufacture of cloth and in the process of tailoring will continue to cause the finished garments to remain at about present prices.

In support of my statement I wish to call attention to the following press dispatch in the Chicago Tribune of Sept. 1, 1920:

AMERICAN WOOLEN CO. MILLS TO REOPEN SOON

Boston, Mass., Sept. 1.—The American Woolen company, whose mills have been shut down, will start the preparatory department September 13, and other departments thereafter as soon as possible. The wage scale will be the same as when the mills were forced to shut down in July. The company employs upward of 30,000 operatives.

Another item in 'higher costs' is the proven fact that people are wearing their clothing for a much longer period than ever before known, which means that the retailer or tailor is selling a much less number of garments when, at the same time, cost of doing business—rents, clerk hire, operators, power, etc.—is very much higher, as is well known.

Therefore, fewer garments sold plus higher selling costs, also means higher costs to the consumer per suit. This item may not have been taken into consideration by the consumer, but nevertheless it is a fact that this is an item which must be charged up to the cost of a garment. I am convinced from figures that this item alone has made it necessary for the merchant to add at least \$5.00 per suit to pre-war costs.

We have however one redeeming feature—and this is that we shall be able to sell high grade suits and overcoats at a really low figure.

Despite our cancellations as mentioned at the beginning of this interview; and despite my disappointment in not being able to obtain some appealingly low prices during my recent visit to Chicago, we have on hand a (for Jacksonville) large stock of high grade woolens in current styles, secured at figures much less than those quoted me recently.

We are going to offer these weaves while they last, at very low figures; and wish to say that the man who needs a suit or overcoat will save considerable money by taking advantage of this offer and making an early selection to obtain the best of the fabrics we are able to offer.

At least do yourself the justice to call and inspect them.

ALBERT RENNER, President.

While Governor Cox raves about the "Senate Oligarchy" and the \$15,000,000 Republican slush fund without a word of the country's problems, Senator Harding from his front porch in Marion is quietly and intelligently discussing them. "America first," says Harding. "Politics first," says Cox.

The first cheering note from an authoritative source in the street railway situation in the United

States comes from the president of the company which serves the city of Philadelphia, Pennsylvania and quoted in the Christian Science Monitor. He asserts the 5-cent street carfare has not departed forever, and predicts that it will come back to American municipalities with the drop in prices which he says is bound to come.

It has been the policy of this country for years to cultivate the friendliest relations with the republics of Central and South America. When Franklin Roosevelt asserted that were the United States a member of the league of nations it would control the votes of those countries his statement was as untruthful as it was untruthful. It was calculated to arouse the ire of every one of our neighbors to the south, and imperil our relations with them. The State Department was so concerned about the matter that it hurriedly issued a denial of Mr. Roosevelt's blundering remark.

SOME SIGNIFICANT FIGURES

Imports for the first seven months of the current year have

totalled nearly \$3,500,000,000 in value, or a monthly average of \$500,000,000. For the month of July the total was \$537,000,000, and for June \$533,000,000. In a word, the Democratic tariff law is inciting foreign competition in the domestic market at the rate of \$6,000,000,000 annually, a result undreamed of even by the free traders who voted for the Wilson-Underwood law, yet the continuance of which is desired by them, or their reaffirmance of their tariff policy in the San Francisco platform means nothing.

The average rate of duty on all imports still remains under 6 per cent. For July our Federal Treasury realized \$29,578,000 in customs duties from imports, or an average rate of something like 5.5 per cent on all goods coming in. The Republican average rate of duty, if applied to the July imports would have realized to the Treasury something like \$107,000,000. How long does Mr. Cox estimate the country can on importing \$6,000,000,000 worth of foreign goods and still remain prosperous. He has qualified as a remarkable mathematician, and should be able to tell us.

At the same time that our imports are increasing there is a decided tendency in our exports to decrease, whereby our favorite trade balance is dropping. That monthly balance ran nearly \$382,000,000 in our favor during the first seven months of 1919, compared with \$205,000,000 monthly for the similar period of 1920. Over the whole period this means that our favorable balance was \$1,234,000,000 less for 1920 than for 1919.

Europe is getting stocked up with American crude products and rehabilitating materials, hence it is that a 28 per cent increase in

our total foreign trade results in an 86 per cent decrease in the balance of favorable trade, results in an 86 per cent decrease in the balance of favorable trade. The marked increases in the trade are to be found on our import side of the ledger. It is high time to call a halt and return to the "saving Americanism" of the protective policy to which Mr. Harding has re-consecrated himself.

HARD TO KILL

You take a club and swat a snake, and it will vain contortions make, long after it is dead; the tail will tie itself in knots as in defiance of the swats that smashes the evil head. But when the sunset comes, we say, the serpent quits its foolish play, and drops its bluff inane; and some one hangs it on a fence in the belief, devoid of sense, that such an act brings rain. And it is much the same with Boozie, his sinful head we saw him lose and gloried in his fall; but still his body swarms and twists, what time the nation wots and wists that dead things shouldn't crawl. Still sinners brew their jugs of ale and we escort them to the jail and give them fifty years; and every time I walk the street some delegate I'm sure to meet whose breath suggests sweet beers. Boot-leggers in the alleys thrive—and yet the serpent's not alive, our statutes to confound; like any broken snake is Boozie, the reflex action of his thews just make him flop around.

AGAIN THE MONUMENT.

After so many inexcusable delays the members of the Soldiers' and Sailors' monument association beg to announce that the end seems to be in sight. The stone work is all done and work on the bronze figure of Columbia is being pushed as rapidly as possible and the structure so long anticipated and so needlessly delayed will appear in all its glory. The association feels that the structure will be an ornament to the city and a worthy tribute to the memory of the men who fought in the war for the union. Mr. Fernandes will go to work on his part of the structure at once and the whole bids fair to be done at an early date.

President of Local Tailoring Concern Makes Timely Statement About the Clothing Market

SAYS LOWER PRICE TALK IS MISLEADING

Makes Thorough Study of Situation and Gives Logical Reasons For Conclusions Reached—Many Delayed Buying Until Fall On Strength of Rumored Lower Wholesale Prices—Disappointment is Result as An Actual Shortage of Good Woolens Exists—Local Concern Fortunate in Having Considerable High Grade Stock On Hand Bought Below Present Prices—Announce Some Very Low Figures on Suits and Overcoats for Fall and Winter Wear

In our advertisement last week I told you that I was in Chicago on a buying trip and to study the markets, and promised you an interesting announcement upon my return regarding fabrics and prices for Fall and I wish here to make a plain statement of the actual conditions as I found them.

First let me say that I have taken notice of the growing public sentiment during the past three or four months and the belief that all commodities, including clothing, would certainly soon be lower in price.

This sentiment was so general that I, like many other merchants who already had placed their orders for Fall goods at higher prices than hitherto paid, cancelled the larger part of these orders.

I considered that it would be wise to wait until the latter part of August and if there were any reductions in prices, take advantage of them.

With this idea in mind I went to Chicago and called upon the leading jobbers in that city and made known the fact that I was in the market for merchandise, provided I could buy at figures which would enable us to make and sell first quality suits at really notable reductions.

I must confess that I have been badly fooled and as sorely disappointed.

I was informed invariably and credibly that there were no noticeable reductions in prices; that jobbers had bought very sparingly from the mills with the result that there will be an actual shortage of good cloth.

I also was told that in the great majority of towns and cities there was no business depression, this especially true in manufacturing centers where wages are high and work steady; that only in a few towns like Jacksonville had there been complaints.

It is a fact that in the past year many merchants have overstocked and that in order to reduce and to turn this stock to release their capital have been forced to hold sales, offering striking reductions in prices, but such an action cannot be taken as indicative of early price reduction in clothing.

The fact that wages are high both in the manufacture of cloth and in the process of tailoring will continue to cause the finished garments to remain at about present prices.

In support of my statement I wish to call attention to the following press dispatch, in the Chicago Tribune of Sept. 1, 1920:

AMERICAN WOOLEN CO.
MILLS TO REOPEN SOON

Boston, Mass., Sept. 1.—The American Woollen company, whose mills have been shut down, will start the preparatory department September 13, and other departments thereafter as soon as possible. The wage scale will be the same as when the mills were forced to shut down in July. The company employs upward of 30,000 operatives.

Another item in 'higher costs' is the proven fact that people are wearing their clothing for a much longer period than ever before known, which means that the retailer or tailor is selling a much less number of garments when, at the same time, cost of doing business—rents, clerk hire, operators, power, etc.—is very much higher, as is well known.

Therefore, fewer garments sold plus higher selling costs, also means higher costs to the consumer per suit. This item may not have been taken into consideration by the consumer, but nevertheless it is a fact that this is an item which must be charged up to the cost of a garment. I am convinced from figures that this item alone has made it necessary for the merchant to add at least \$5.00 per suit to pre-war costs.

We have however one redeeming feature—and this is that we shall be able to sell high grade suits and overcoats at a really low figure.

Despite our cancellations as mentioned at the beginning of this interview; and despite my disappointment in not being able to obtain some appealingly low prices during my recent visit to Chicago, we have on hand a (for Jacksonville) large stock of high grade woolens in current styles, secured at figures much less than those quoted me recently.

We are going to offer these weaves while they last, at very low figures; and wish to say that the man who needs a suit or overcoat will save considerable money by taking advantage of this offer and making an early selection to obtain the best of the fabrics we are able to offer.

At least do yourself the justice to call and inspect them.

ALBERT RENNER,
President.

VOTE FOR RICHARD J. BARR FOR ATTORNEY GENERAL

At the Republican Primaries Sept. 15

A Champion of Woman's Suffrage for 18 Years—A Fearless Enforcer of the Law—The Candidate of No Faction or Clique—His Nomination Will Add Strength to the Republican Ticket.

Richard J. Barr is ideally fitted—by experience and training—to assume and faithfully discharge the duties of the important office of Attorney General.

He has been engaged in the general practice of law for twenty-five years and has been a member and leader of the Illinois State Senate for the past eighteen years. Without question his record and ability as a law maker give him the qualifications necessary for a law enforcer.

Why the Women Are Supporting Senator Barr

The women of Illinois are supporting Senator Barr for Attorney General because for the past 18 years—he has championed and led the cause of Woman's Suffrage in the legislature of Illinois. Mrs. Grace Wilbur Trout and Mrs. Catherine Waugh McCulloch, well known suffrage leaders, have testified to Senator Barr's great assistance in bringing woman the vote in this state. Women have their opportunity now to show their appreciation of his efforts in their behalf by casting their votes for Senator Barr at the Republican Primaries on September 15th.

Senator Barr's Downstate Popularity

In 1916, when a candidate for the office he now seeks, Senator Barr received a plurality of 48,360 votes in the state outside of Cook County over the candidate who was elected. When the vote in Cook County was counted his opponent was given 51,264

votes in that county over Senator Barr, or a plurality in the entire state of 294 votes. As a result of investigations, however, scores of people believe that Senator Barr was nominated at that time. The present election gives the people of the State the opportunity to MAKE SURE that he is nominated NOW.

Senator Barr is a Candidate of All Republicans and his nomination will be satisfactory to ALL Republicans. In speaking of his candidacy Senator Barr has had this to say: "I ask support from the Republicans of the state wherever they may be. I am not running as a candidate of any clique or faction and if nominated and elected to the office of Attorney General I will discharge the duties of that office to the best of my ability, with fairness and justice to the people of the entire state. Moreover, I will reside at Springfield and run the office of Attorney General from the seat of Government as provided by the Constitution."

DEAF MUTE NAMED FOR GOOD POSITION

Fred Shoeneman Appointed Teller in Ohio Savings and Trust Company Bank.

Jacksonville people will be interested in knowing that Fred Shoeneman has recently been appointed teller for the deaf at the Ohio Savings Trust Co. bank at Akron, Ohio. Allan F. Ayers, who vice president of this bank, was in search of a mute qualified for the work to take care of special patronage that the bank has. Mr. Ayers made some inquiries among Jacksonville people and then offered the position to Mr. Shoeneman, who accepted.

It is gratifying to note that this bank, which is largely under the direction of Mr. Ayers, has had a rapid and satisfactory growth. The Akron Times has a two column picture of Mr. Shoeneman together with the following paragraphs:

"Interviewed, and without a single word being spoken!!! Not even outla was called into play; the deed being accomplished by pencil. And running just as smoothly as a spoken one, too!"

"So great is the skill of Fred Shoeneman, the new teller for the deaf at the Ohio Savings and Trust company that he can make himself understood by facial expression so well that anyone, even tho unacquainted with the sign language can 'get' almost anything he attempts to explain. Mr. Shoeneman is also able to state his thoughts with great rapidity and conciseness on paper so that a 'talk' with him is very interesting."

"Mr. Shoeneman has been acting as teller at the Ohio Savings and Trust company since July 1. He came here from the Illinois School for the Deaf at Jacksonville, where he taught. However, the work in the bank is more interesting to him than teaching."

"Mr. Shoeneman is a graduate of the Jacksonville school and also of the National Deaf Mute college in Washington. It takes ten years to educate a deaf mute and he has had experience in training them at the Kendall school in Washington, D. C. and the Oregon school for the deaf at Salem, Ore.; he has also done clerical work before coming to Akron."

"He says that the object of his position is to do business with the deaf and so make it easier for them and save trouble and time for the other tellers and officers. 'The deaf like Akron because they can get good jobs at the Goodyear where they are liberally treated. The company finds their work very satisfactory and as soon as business conditions are better Mr. Shoeneman thinks that a great many more mutes are coming to Akron for the work done for them here is known all over the United States.'"

"Many of the children go to Goodyear Heights school and there are several active clubs for mutes in the city. Among them are a fraternal society, a chapter of Gallaudet alumni, a large Sunday school class and the now famous Silent Athletic club at Goodyear hall."

Mr. Shoeneman lives at 513 1/2 Carroll street. He has a charming wife but no children. He may be found smiling at window 16 in the Ohio Savings and Loan company any day in the week for above all else he wants you to know that deaf people can do work."

YOUNG MAN DIES AT HOME IN WINCHESTER

Clyde J. Hardy Passed Away Sunday After Long Illness—Schools Opened Monday With Large Enrollment—Other Winchester Notes.

Winchester, Sept. 6.—Clyde J. Hardy, son of Mr. and Mrs. Jake Hardy, passed away Sunday at 1:45 o'clock p. m., after a long period of failing health. The young man was born and reared on a farm two and a half miles northwest of Winchester and resided there until two years since, when the family moved to Winchester. He was aged 28 years, 11 months and 5 days at the time of his death.

The deceased was in training at Camp Taylor and while there suffered an attack of influenza from which he never fully recovered. For the past year his health had been failing and his death was not unexpected. He was a young man of excellent character and had the high esteem of all who knew him.

Funeral services will be held from the family residence Tuesday afternoon at 2 o'clock, with Rev. F. B. Elmore of the Christian church officiating. Interment will be in Winchester cemetery.

Miss Ella Boylan arrived Saturday from Jacksonville to visit at the home of Guy Paul and mother.

Miss Lillian Sibert has arrived from Chicago to visit her parents, Mr. and Mrs. C. H. Sibert.

Miss Barbara Owings returned home Sunday from Normal, where she has been taking a summer teaching course.

Mr. and Mrs. George T. Douglas, Mr. and Mrs. Charles L. Mathis and Mrs. A. Elder were guests Monday at the home of Henry Higgins and family.

Mrs. Earl Welch arrived Monday from Chicago to visit relatives and friends.

Earl Nelson, Fred Hamilton, Guy Paul and Jesse Overton were visitors in Jacksonville Monday afternoon.

Earl Miner returned Monday night to his home in Plainview, Tex., after spending a few weeks with his father, Dr. Miner and sister.

The schools opened Monday with a fine attendance. There are about 160 pupils in the high school and 82 in the 6th, 7th and 8th grades, with 260 in the lower grades. Other enrollments are expected in the course of the week and subsequent days.

Members of St. Mark's Catholic church, with some friends from both Murrayville and Jacksonville churches, enjoyed a splendid banquet dinner at Nichols park Sunday. There were 300 persons seated together to enjoy the dinner. They found the park a very beautiful place and thoroughly enjoyed the day.

VOTE FOR RICHARD J. BARR

FOR ATTORNEY GENERAL

At the Republican Primaries Sept. 15

A Champion of Woman's Suffrage for 18 Years in the State Senate—A Fearless Enforcer of the Law—The Candidate of No Faction or Clique—His Nomination Will Add Strength to the Republican Ticket.

Richard J. Barr is ideally fitted—by experience and training—to assume and faithfully discharge the duties of the important office of Attorney General.

He has been engaged in the general practice of law for twenty-five years and has been a member and leader of the Illinois State Senate for the past eighteen years. Without question his record and ability as a law maker give him the qualifications necessary for a law enforcer.

Why the Women Are Supporting Senator Barr

The women of Illinois are supporting Senator Barr for Attorney General because for the past 18 years—he has championed and led the cause of Woman's Suffrage in the legislature of Illinois. Mrs. Grace Wilbur Trout and Mrs. Catherine Waugh McCulloch, well known suffrage leaders, have testified to Senator Barr's great assistance in bringing about the vote in this state. Women have their opportunity now to show their appreciation of his efforts in their behalf by voting for Senator Barr at the Republican Primaries on September 15th.

Senator Barr's Downstate Popularity

In 1916, when a candidate for the office he now seeks, Senator Barr received a plurality of 48,360 votes in the state outside of Cook County over the candidate who was elected. When the vote in Cook County was counted his opponent was given 51,264

votes in that county over Senator Barr, or a plurality in the entire state of 2904 votes. As a result of investigations, however, scores of people believe that Senator Barr was nominated at that time. The present election gives the people of the State the opportunity to MAKE SURE that he is nominated NOW.

Senator Barr is a Candidate of All Republicans and his nomination will be satisfactory to ALL Republicans. In speaking of his candidacy Senator Barr has had this to say: "I ask support from the Republicans of the state wherever they may be. I am not running as a candidate of any clique or faction and if nominated and elected to the office of Attorney General I will discharge the duties of that office to the best of my ability, with fairness and justice to the people of the entire state. Moreover, I will reside at Springfield and run the office of Attorney General from the seat of Government as provided by the Constitution."

SIMPLE HOME

REMEDY ADVISED

FOR HAY FEVER

Anyone Can Make a Pint for Trifling Sum and Used in Time May Prevent Annual Attack.

"No matter how severe your yearly attack be.

"No matter how distressing or humiliating.

"Its intensity can be reduced to a harmless mildness," says a Kentucky druggist, who believes from what he has seen that this simple home made remedy is a most important discovery.

He has seen the most severe and apparently unconquerable cases of Hay and Rose fever reduced to what might be called a mild cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack, the unwelcome yearly visitor failed to appear with anything like its usual intensity.

People who want to try this new treatment can make a pint in a few minutes.

Four three-quarters of an ounce of Mentholized Arcline into a pint bottle, then fill the bottle with water that has been boiled, gargle daily as directed and sniff or spray the nostrils twice daily.

That's all there is to the treatment which so many sufferers have found to be a true friend.

Mentholized Arcline in three-quarter-ounce vials is dispensed by all the best

pharmacies.

Mentholized Arcline is new in this market. It is possible that your druggist has not supplied himself, but he can get it for you from his jobber, who has a large supply.

DEAF MUTE NAMED FOR GOOD POSITION

Fred Shoeneman Appointed Teller In Ohio Savings and Trust Company Bank.

Jacksonville people will be interested in knowing that Fred Shoeneman has recently been appointed teller for the deaf at the Ohio Savings Trust Co. bank at Akron, Ohio. Allan F. Ayers, who is vice president of this bank, was in search of a mute qualified for the work to take care of special patronage that the bank has. Mr. Ayers made some inquiries among Jacksonville people and then offered the position to Mr. Shoeneman, who accepted.

It is gratifying to note that this bank, which is largely under the direction of Mr. Ayers, has had a rapid and satisfactory growth. The Akron Times has a two column picture of Mr. Shoeneman together with the following paragraphs:

"Interviewed, and without a single word being spoken!!! Not even outija was called into play; the deed being accomplished by pencil. And running just as smoothly as a spoken one, too!"

"So great is the skill of Fred Shoeneman, the new teller for the deaf at the Ohio Savings and Trust company that he can make himself understood by facial expression so well that anyone, even the unacquainted with the sign language can 'get' almost anything he attempts to explain."

Mr. Shoeneman is also able to state his thoughts with great rapidity and conciseness on paper so that a "talk" with him is very interesting.

"Mr. Shoeneman has been acting as teller at the Ohio Savings and Trust company since July 1. He came here from the Illinois School for the Deaf at Jacksonville, where he taught. However, the work in the bank is more interesting to him than teaching."

Mr. Shoeneman is a graduate of the Jacksonville school and also of the National Deaf Mute college in Washington. It takes ten years to educate a deaf mute and he has had experience in training them at the Kendeel school in Washington, D. C. and the Oregon school for the deaf at Salem, Ore.; he has also done clerical work before coming to Akron.

"He says that the object of his position is to do business with the deaf and so make it easier for them and save trouble and time for the other tellers and officers."

"The deaf like Akron because they can get good jobs at the factory where they are liberally treated. The company finds their work very satisfactory and as soon as business conditions are better Mr. Shoeneman thinks that a great many more mutes are coming to Akron for the work done for them here is known all over the United States."

"Many of the children go to Goodyear Heights school and there are several active clubs for mutes in the city. Among them are a fraternal society, a chapter of Galland alumni, a large Sunday school class and the now famous Student Athletic club at Goodyear hall."

Mr. Shoeneman lives at 513 1/2 Carroll street. He has a charming wife but no children. He may be found smiling at window 16 in the Ohio Savings and Loan company any day in the week for, above all else he wants you to know that deaf people can do work."

YOUNG MAN DIES AT HOME IN WINCHESTER

Clyde J. Hardy Passed Away Sunday After Long Illness—Schools Opened Monday With Large Enrollment—Other Winchester Notes.

Winchester, Sept. 6.—Clyde J. Hardy, son of Mr. and Mrs. Jake Hardy, passed away Sunday at 1:45 o'clock p. m. after a long period of failing health. The young man was born and reared on a farm two and a half miles northwest of Winchester and resided there until two years since, when the family moved to Winchester. He was aged 28 years, 11 months and 5 days at the time of his death.

The deceased was in training at Camp Taylor and while there suffered an attack of influenza from which he never fully recovered. For the past year his health had been failing and his death was not unexpected. He was a young man of excellent character and had the high esteem of all who knew him.

Funeral services will be held from the family residence Tuesday afternoon at 2 o'clock, with Rev. F. B. Elmore of the Christian church officiating. Interment will be in Winchester cemetery.

Miss Ella Boylan arrived Saturday from Jacksonville to visit at the home of Guy Paul and mother.

Miss Lillian Sibert has arrived from Chicago to visit her parents, Mr. and Mrs. C. H. Sibert.

Miss Barbara Owings returned home Sunday from Normal, where she has been taking a summer teaching course.

Mr. and Mrs. George T. Douglas, Mr. and Mrs. Charles L. Mathis and Mrs. A. Elder were guests Monday at the home of Henry Higgins and family.

Mrs. Earl Welch arrived Monday from Chicago to visit relatives and friends.

Earl Nelson, Fred Hamilton, Guy Paul and Jesse Overton were visitors in Jacksonville Monday afternoon.

Earl Miner returned Monday night to his home in Plainview, Tex., after spending a few weeks with his father, Dr. Miner and sister.

The schools opened Monday with a fine attendance. There are about 160 pupils in the high school and 82 in the 6th, 7th and 8th grades, with 250 in the lower grades. Other enrollments are expected in the course of the week and subsequent days.

Members of St. Mark's Catholic church, with some friends from both Murrayville and Jacksonville churches, enjoyed a splendid banquet dinner at Nichols park Sunday. There were 300 persons seated together to enjoy the dinner. They found the park a very beautiful place and thoroughly enjoyed the day.

TAKES DEMPSEY BUT THREE ROUNDS TO WIN FROM MISKE

(Continued from Page 1)
and with Dempsey standing over him was counted out in his own corner.
At the count of ten the victor lifted the vanquished into the chair his seconds shoved into the ring.
Statement by Miske
Miske, sitting in his corner be-

lieved after the knockout, made this statement:
"Dempsey is a better man than I am. That fellow hits too hard. The punch that floored me in the second round all but caved in my ribs. I never was hit so hard in my life. The blow took all of the steam out of me and I had not recovered from its effects when the third round opened. I think Dempsey is unbeatable. There isn't a heavyweight living that can stand up under his punches. I fought the best battle I could, but was whipped before I really got started."

Dempsey's Statement
Dempsey, after a bath at his camp just outside the arena, made this statement:
"I told my friends I would win. I never had any doubt of it. Miske is tough and I trained and fought him with as much caution as I would fight any heavyweight. He did not hit me hard enough to seriously hurt. The punch that smashed him on his way was a smash to the stomach in the second round. I felt my fist sink into his ribs and I knew he was hurt. After that I was confident I could end it whenever I wanted to, but I fought carefully and took no chances. The finish came before I could get warmed up."

Several Preliminaries
The three round fight for the world's heavyweight championship closed a day of sport that included a terrific six round mill between Harry Greb of Pittsburgh and Chuck Wiggins, Indianapolis, light heavyweights, and a series—come six round mix up in which Bill Tate, the elongated sparring partner who has become a fixture in the Dempsey training camps, employed one of the longest arms ever seen in a squared circle to make Sam Langford, the oston negro heavyweight keep his distance. Tate won by a shade, but not because Langford was not game for the chunky visitor from the eastern shores displayed an almost inhuman capacity for turning wicked rights by interposing his head as an obstacle.
The Greb-Williams set to result in a draw after a whirlwind battle that kept the spectators on their tip-toes.
Wiggins employed the Johnny Dundee hop, a kangaroo leap, that lifted him over Greb's guard time and again but the blows he landed lacked the punch needed to do any serious damage.

Fight by Rounds
Round 1—Miske hooked a left to the head. They danced around the ring. Dempsey hooked a right and left to the head as they came in. Dempsey missed a left hook but landed two rights to the head. Dempsey drove a right to the head. Dempsey landed a light left to the mouth. Dempsey hooked two lefts to the head and they exchanged punches to the body as they came together in a clinch. The bell sounded with both men fighting in the center of the ring. End round one.
Round 2—They rushed into a clinch. Referee Dougherty had difficulty breaking them. Dempsey landed a left hook to the chin and followed it with a right cross. He floored Miske with a right hand punch and the challenger took the count of five. Miske fell into a clinch to protect himself. Dempsey landed three lefts to the jaw on the breakaway and a half dozen hard rights to the body. The champion missed a right swing to the head, and drove Miske into his own corner, hooking him with a left to the chin.
Round 3—Dempsey danced around the ring and hooked a hard right to Miske's body. Miske landed a left to the jaw, and Dempsey swung a right to the jaw knocking Miske down.
Miske started to his feet and Dempsey put over the finishing blow, a right to the chin and Miske crumpled in his corner completely knocked out.

does more than insure a smooth, perfect fit and save time and trouble in dressing and undressing. It eliminates a whole row of nine or more buttons and buttonholes—buttons that fall off and buttonholes that rip and tear. Even if this one securely fastened button should work loose, there is an extra buttonhole into which an ordinary collar button can be slipped as a temporary or even permanent measure.

This splendidly made garment comes in a wide variety of weights, materials and price. We'd like to have you come in today and see our stock.

TAKES DEMPSEY BUT THREE ROUNDS TO WIN FROM MISKE

(Continued from Page 1)

and with Dempsey standing over him was counted out in his own corner.

At the count of ten the victor lifted the vanquished into the chair his seconds shoved into the ring.

Statement by Miske
Miske, sitting in his corner be-

in revived after the knockout, made this statement:

"Dempsey is a better man than I am. That fellow hits too hard. The punch that floored me in the second round all but caved in my ribs. I never was hit so hard in my life. The blow took all of the steam out of me and I had not recovered from its effects when the third round opened. I think Dempsey is unbeatable. There isn't a heavyweight living that can stand up under his punches. I fought the best battle I could, but was whipped before I really got started."

Dempsey's Statement

Dempsey, after a bath at his camp just outside the arena, made this statement:

"I told my friends I would win. I never had any doubt of it. Miske is tough and I trained and fought him with as much caution as I would fight any heavyweight. He did not hit me hard enough to seriously hurt. The punch that started him on his way was a smash to the stomach in the second round. I felt my fist sink in to his ribs and I knew he was hurt. After that I was confident I could end it whenever I wanted to, but I fought carefully and took no chances. The finish came before I could get warmed up."

Several Preliminaries

The three round fight for the world's heavyweight championship closed a day of sport that included a terrific six round mill between Harry Greb of Pittsburgh and Chuck Wiggins, Indianapolis, light heavyweights, and a series—come six round mix up in which Bill Tate, the elongated sparring partner who has become a fixture in the Dempsey training camps, employed one of the longest arms ever seen in a squared circle to make Sam Langford, the oston negro heavyweight keep his distance. Tate won by a shade, but not because Langford was not game for the chunky visitor for the eastern shores displayed an almost inhuman capacity for turning wicked rights by interposing his head as an obstacle.

The Greb-Williams set to resulted in a draw after a whirlwind battle that kept the spectators on their tip-toes.

Wiggins employed the Johnny Dundee hop, a kangaroo leap, that lifted him over Greb's guard time and again but the blows he landed lacked the punch needed to do any serious damage.

Fight by Rounds

Round 1—Miske hooked a left to the head. They danced around the ring. Dempsey hooked a right and left to the head as they came in. Dempsey missed a left hook but landed two rights to the head. Dempsey drove a right to the head. Dempsey landed a light left to the mouth. Dempsey hooked two lefts to the head and they exchanged punches to the body as they came together in a clinch. The bell sounded with both men fighting in the center of the ring. End round one.

Round 2—They rushed into a clinch. Referee Dougherty had difficulty breaking them. Dempsey landed a left hook to the chin and followed it with a right cross. He floored Miske with a right hand punch and the challenger took the count of five. Miske fell into a clinch to protect himself. Dempsey landed three lefts to the jaw on the breakaway and a half dozen hard rights to the body. The champion missed a right swing to the head, and drove Miske into his own corner, hooking him with a left to the chin.

Round 3—Dempsey danced around the ring and hooked a hard right to Miske's body. Miske landed a left to the jaw, and Dempsey swung a right to the jaw knocking Miske down.

Miske started to his feet and Dempsey put over the finishing blow, a right to the chin and Miske crumpled in his corner completely knocked out.

does more than insure a smooth, perfect fit and save time and trouble in dressing and undressing. It eliminates a whole row of nine or more buttons and buttonholes—buttons that fall off and buttonholes that rip and tear. Even if this one securely fastened button should work loose, there is an extra buttonhole into which an ordinary collar button can be slipped as a temporary or even permanent measure.

This splendidly made garment comes in a wide variety of weights, materials and price. We'd like to have you come in today and see our stock.

LABOR DAY OBSERVED WITH FINE PROGRAM

MORNING PARADE MADE NOTEWORTHY FEATURE

Rev. M. L. Pontius Discussed Industrial Theme in Address at Park—Vaudeville Features and Athletic Events Included in Day's Arrangements.

Labor day was observed in Jacksonville with a successful and impressive program. Extensive preparations had been made by the committees and in every detail the day's events came up to expectations.

In the morning the parade was followed by vaudeville and other entertainment features. In the afternoon a notable address was given by Rev. M. L. Pontius at Nichols park. For hundreds of people it was a picnic event and they spent the day very happily at the park. A dance at the pavilion attended by a very large crowd, was the final event of the well ordered day.

The Forenoon.
Early in the day there were to be seen evidences of what was coming. Avenues to the square were roped off, a platform erected and a general preparation for the festivities was made. In nearly all departments a day of merry making was observed nearly all places of business being closed

and all giving themselves up to the pleasures of the day.

The Parade.
The parade was the main feature of the morning and was conducted with order and good taste all around. The ranks were well filled and all went well. The order of procession was as follows:

Police.
Mayor, Aldermen, Orator of the day and Officials.
Fire Department.
Band.

Float with Cigar Box Makers.
Cigarmakers.
Automobiles.

Carpenters, led by the venerable Rev. G. W. Seymour, 83 years old.
Machinists of C. P. & St. L. Shops.

Elm Bridge Workers on float.
Auto bearing vaudeville troupe and Jazz band.

C. P. & St. L. Boiler Makers, hammering at red hot rivets.
C. P. & St. L. Blacksmiths, with forge at work. George Yeck was the Nestor of this union.

Charles DeSilva's drum corps.
Painters in white bearing various mottoes. "Paper up," "Paint Up the Parlor," "Clean Up," "Paint Up the Kitchen," "Paint the Dwelling," and others. They were preceded by two broom bearers.

Hod Carriers in blue overalls.
Barbers.
Typographical Union.
Bricklayers and Plasterers.
Stationary Firemen.
Farmers.

Meat Cutters dressed in white.
Sheet Metal Workers preceded by a man with tin umbrella and carrying tin canes.

Several trucks, and automobiles devoted to candidates.
Auto bearing Boy Scouts.

The procession marched about the square and up West State street and counter-marched so that all might see the whole affair which was very creditable.

Labor Day Address
Rev. M. L. Pontius was the speaker of the day and made a very strong address, taking as his theme "A Solution to Our Social and Industrial Problem." Mr. Pontius was as usual logical and clear in the discussion of this big subject. He said in part:

In developing this theme it is necessary to have an adequate background. The nineteenth centuries of the Christian era furnish a background and an approach to the solution of many a modern problem.

Let us go back to the time when Roman civilization challenged the world. We find in the imperial

city, as in the empire, three classes of people. In Rome there were two thousand patricians who lived upon the labors of the common people. There were four thousand plebeians who refused to toil and were fed at the common crib. Then there were one million five hundred thousand slaves in the city of Rome. These had no civic existence, no rights their masters were bound to respect. There was the most abject slavery in the history of human civilization.

With the fall of Rome there came gradually the decline of Roman slavery. Then there came into its place feudalism. This was an improvement upon Roman slavery for while the laborer was bound to the soil he had certain rights and privileges.

The Wage System
With the decline and fall of feudalism there came a new industrial system. Under the wage system the employer was permitted to go into the open market and purchase labor at the lowest possible price. Labor was permitted to sell its product in the market at the highest possible price. Invention of machinery and the division of labor transformed the new industrialism from a simple into a complex system. There came into existence corporations, great manufacturing establishments, Capital organized. Labor was organized. Capitalism exploited the laboring man. A few decades ago in this country labor organized. Organized labor has accomplished much. Better wages, shorter hours, more sanitary workshops, etc. But since labor organized we have had these two mighty opposing forces, organized capital and organized labor, and these have created and fostered the greatest social and industrial problem that has ever confronted humanity.

What is the solution? Someone suggests Bolshevism. The most tyrannical, autocratic government of modern times is the Bolshevistic government in Russia today. There the laborer cannot change his vocation without the consent of the government. He must procure the consent of the government when he wants to move from one province to another. Russian soldiers captured recently declared that while they were well fed and clothed they were compelled to fight by an autocratic government for a cause in which they were not interested.

There is a fraction of one percent of the people in the United States who desire Bolshevism in this country. Why not let these go to Russia, to the government they love so well?

Believes in Nationalism
I am a firm believer in Nationalism. If our statesmen had spent as much time and energy during the past two years in an honest effort to solve our domestic problems as they did in attempting to solve the problems of war cursed and secret treated European countries, our United States would be better off and the

old world would be no worse than it is today.

We can approach a solution to our problems when we refuse to permit foreigners to establish in this country a Little Russia, a Little Germany, a Little Italy, etc. When these peoples come to America they should be compelled to learn the English language and adopt the American customs and habits.

When men come from a foreign land seeking a home here and they begin to assist in the development of our institutions and the upholding of our government they have a right to the same liberty and protection we enjoy. But when they come to perpetuate another language and to interfere with the laws and the machinery of our government through their Bolshevistic plans, they are aliens and enemies forever.

No One Solution
Communism, Socialism and Profit Sharing are suggested as possible solutions to the great social and industrial problem. We believe the final solution may be approached in this country by a combination of socialism and profit sharing; that combination depending upon the peculiarities of the respective communities of this country. There is no one solution that will work universally.

We have been placing at the door of organized labor the blame of our high prices and much of our social and industrial unrest. This is unjust and unfair. Sixty-five per cent of the blame must be placed at the doors of the abominable profiteers. Do you believe that the high price of sugar was caused by the increase in wages demanded by organized labor? No. Why was it that when sugar was eleven cents per pound we could purchase not more than a pound or two at a time? Why was it that when sugar prices increased to 30c and 35c per pound we could purchase a hundred pounds, five hundred pounds? A man told me he would sell me a car load of sugar at the advanced price. Do not lay the blame at the door of organized labor. Place the blame where it belongs, at the doors of the profiteers. And not all the profiteers live in Chicago, New York City and St. Louis.

Cites Mistakes
I think organized labor is making two mistakes. Organized labor makes a grave mistake whenever it repudiates a contract. Whenever organized labor fails to recognize the solemn validity of a contract it is a boomerang injuring the cause.

Organized labor makes a mistake whenever its members fail to render conscientiously an equivalent for wages received. When the laborers' wages are doubled the level of production should arise. In some instances it has been lowered.

I want to appeal to you as citizens of Jacksonville. As members of the Trades Assembly I ask you to meet every obligation resting upon you in a fair and square manner, looking forward to a better, greater, more prosperous and more progressive Jacksonville.

"Would you like to live in the kind of a town like the kind of a town you like?"

You need not slip your clothes in a grip and start on a long, long hike.

For you will only find what you have left behind, for there is nothing that is really new.

It is a knock on you when you knock on your town, it isn't your town, it's you.

Real towns are not made by men afraid, lest somebody else get ahead.

When everyone works and nobody shirks you can raise a town from the dead.

And if while you work for the good of your town, the other will work with you.

Your town will be what you want to see.

For it isn't your town, it's you."

The Entertainments.
All were then invited to the north side where the entertainments were to be given.

The inimitable Frank Kirk led with a series of laughter provoking numbers. His singing, banjo playing and work generally were all excellent and elicited loud applause.

Then came the Jazz orchestra with piano, violin, banjo and voices and they gave a very good performance. Their jokes were generally new and were good, and as far as noticed, there was nothing low or obscene.

All adjourned to West State street where the tug of war was to be pulled off. There was no special organization to this. The managers asked 25 men to tackle each end of the new rope which was done and the best enders got away with their competitors.

Then back to the north side again for the boxing contest. Five colored young men mounted the platform and were supplied with gloves. They were Mosco Sutton, Frank Waffel, Mack Ramey, Emory Coleman and Fred Shannon. The contest was spirited and lively and something like a free-for-all. According to the strict rules of the affair there should have been no rests or intermission stop. First Shannon, Ramey and Coleman gave up and finally Sutton and Waffel decided they had had enough. Waffel being declared the winner.

NOTES.
Probably the oldest man in line was the aged carpenter, Rev. G. W. Seymour, a manipulator of the saw and plane, and long a minister.

There were two Grand Army men in line, Miley Kehoe and Rev. G. W. Seymour; verily the old boys are getting scarce.

Rather the most attractive float was that bearing the handsome young ladies of the box trimmers' union.

The youngest traveler was a little fellow led by his father in the hod carriers' union ranks.

The band elicited a great many compliments. This music was fine and the members won credit for the new organization.

Jacksonville is surely rich in musical talent.

The fire department attracted a great deal of attention on all sides.

A number of candidates took occasion to parade their banners, inviting the votes of the people Sept. 15th.

Athletic Events.
The athletic events at Nichols Park were never wanting for entrants. In several contests space could not be furnished for all who wished to compete. The races, prizes and the winners are as follows:

Boys' Race—\$3 in merchandise, won by Harold Burkery.
Girls' Race, under 16—\$2 won by Ella Wovling.

Three-Legged Race—\$4, won by Merle Reel and Gerald Lynch.
Ladies' Race, 50 yards—\$3, won by Julia Williamson.

Two potato races were held and the \$4 prize was divided by the winners, Lawrence Smith and Merle Reed.

Swimming Race—\$5, won by Glenn Bartlett.
Men's Race, 50 yards and over—\$5, won by George M. Spires.

Boys' 100-yard dash—\$2.50, won by Louis Cannon.
250 yard dash, free-for-all—\$5, won by Lou Cannon.

Watermelon Eating Contest—\$2, won by David Greec.
Boys' Pie Eating Contest—\$1.50, won by Walter Stone.

Girls' Pie Eating Contest—\$1.50, won by Alberta Beecun.
The watermelon and pie eating contests furnished much amusement for the crowd, and many were eager to enter in the contests. They came to a finish when Walter Stone was lifted upon a bench and the judges, showing the crown of pie around his mouth, pronounced him king of pie-eaters.

LABOR DAY OBSERVED WITH FINE PROGRAM

MORNING PARADE MADE NOTEWORTHY FEATURE

Rev. M. L. Pontius Discussed Industrial Theme in Address at Park—Vandeville Features and Athletic Events Included in Day's Arrangements.

Labor day was observed in Jacksonville with a successful and impressive program. Extensive preparations had been made by the committees and in every detail the day's events came up to expectations.

In the morning the parade was followed by vaudeville and other entertainment features. In the afternoon a notable address was given by Rev. M. L. Pontius at Nichols park. For hundreds of people it was a picnic event and they spent the day very happily at the park. A dance at the pavilion attended by a very large crowd, was the final event of the well ordered day.

The Forenoon.
Early in the day there were to be seen evidences of what was coming. Avenues to the square were roped off, a platform erected and a general preparation for the festivities was made. In nearly all departments a day of merry making was observed nearly all places of business being closed.

and all giving themselves up to the pleasures of the day.

The Parade.
The parade was the main feature of the morning and was conducted with order and good taste all around. The ranks were well filled and all went well. The order of procession was as follows:

Police.
Mayor, Aldermen, Orator of the day and Officials.
Fire Department.
Band.
Float with Cigar Box Makers.
Cigarmakers.
Automobiles.
Carpenters, led by the venerable -Rev. G. W. Seymour, 83 years old.
Machinists of C. P. & St. L. Shops.

Ell Bridge Workers on float.
Auto bearing vaudeville troupe and jazz band.
C. P. & St. L. Boiler Makers, hammering at red hot rivets.
C. P. & St. L. Blacksmiths, with forge at work. George Yeck was the Nestor of this union.
Charles DeSilva's drum corps.
Painters in white bearing various mottoes. "Paper up," "Paint Up the Parlor," "Clean Up," "Paint Up the Kitchen," "Paint the Dwelling," and others. They were preceded by two broom bearers.

Hod Carriers in blue overalls.
Barbers.
Typographical Union.
Bricklayers and Plasterers.
Stationary Firemen.
Farmers.
Meat Cutters dressed in white.
Sheet Metal Workers preceded by a man with tin umbrella and carrying tin canes.
Several trucks, and automobiles devoted to candidates.
Auto bearing Boy Scouts.
The procession marched about the square and up West State street and counter-marched so that all might see the whole affair which was very creditable.

Labor Day Address
Rev. M. L. Pontius was the speaker of the day and made a very strong address, taking as his theme "A Solution to Our Social and Industrial Problem." Mr. Pontius was as usual logical and clear in the discussion of this big subject. He said in part:

In developing this theme is it necessary to have an adequate background. The nineteen centuries of the Christian era furnish a background and an approach to the solution of many a modern problem.

Let us go back to the time when Roman civilization challenged the world. We find in the imperial

city, as in the empire, three classes of people. In Rome there were two thousand patricians who lived upon the labors of the common people. There were four thousand plebeians who refused to toil and were fed at the common crib. Then there were one million five hundred thousand slaves in the city of Rome. These had no civic existence, no rights their masters were bound to respect. There was the most abject slavery in the history of human civilization.

With the fall of Rome there came gradually the decline of the Roman slavery. Then there came into its place feudalism. This was an improvement upon Roman slavery, but for while the laborer was bound to the soil he had certain rights and privileges.

The Wage System
With the decline and fall of feudalism there came a new industrialism and with it the present wage system. Under the wage system the employer was permitted to go into the open market and purchase labor at the lowest possible price. Labor was permitted to sell its product in the market at the highest possible price. But since labor organized the division of labor transformed the new industrialism from a simple into a complex system. There came into existence corporations, great manufacturing establishments, Capital organized. Labor was organized. Capitalism exploited the laboring man. A few decades ago in this country labor organized. Organized labor has accomplished much. Better wages, shorter hours, more sanitary work-shops, etc. But since labor organized we have had these two mighty opposing forces, organized capital and organized labor, and these have created and fostered the greatest social and industrial problem that has ever confronted humanity.

What is the solution? Some-one suggests Bolshevism. The most tyrannical, autocratic government of modern times is the Bolshevistic government in Russia today. There the laborer cannot change his vocation without the consent of the government. He must procure the consent of the government when he wants to move from one province to another. Russian soldiers captured recently declared that while they were well fed and clothed they were compelled to fight by an autocratic government for a cause in which they were not interested. There is a fraction of one per cent of the people in the United States who desire Bolshevism in this country. Why not let these go to Russia, to the government they love so well?

Believes in Nationalism
I am a firm believer in Nationalism. If our statesmen had spent as much time and energy during the past two years in an honest effort to solve our domestic problems as they did in attempting to solve the problems of war cursed and secret treated European countries, our United States would be better off and the

old world would be no worse than it is today.

We can approach a solution to our problems when we refuse to permit foreigners to establish in this country a Little Russia, a Little Germany, a Little Italy, etc. When these peoples come to America they should be compelled to learn the English language and adopt the American customs and habits.

When men come from a foreign land seeking a home here and they begin to assist in the development of our institutions and the upholding of our government they have a right to the same liberty and protection we enjoy. But when they come to perpetuate another language and to interfere with the laws and the machinery of our government through their Bolshevistic plans, they are aliens and enemies forever.

No One Solution
Communism, Socialism and Profit Sharing are suggested as possible solutions to the great social and industrial problem. We believe the final solution may be approached in this country by a combination of socialism and profit sharing; that combination depending upon the peculiarities of the respective communities of this country. There is no one solution that will work universally.

We have been placing at the door of organized labor the blame of our high prices and much of our social and industrial unrest. This is unjust and unfair. Seventy-five per cent of the blame must be placed at the doors of the abominable profiteers. Do you believe the high price of sugar was caused by the increase in wages demanded by organized labor? No. Why was it that when sugar was eleven cents per pound we could purchase not more than a pound or two at a time? Why was it that when sugar prices increased to 30c and 35c per pound we could purchase a hundred pounds, five hundred pounds? A man told me he would sell me a car load of sugar at the advanced price. He laid the blame at the door of organized labor. Place the blame where it belongs, at the doors of the profiteers. And not all the profiteers live in Chicago, New York City and St. Louis.

Cites Mistakes
I think organized labor is making two mistakes. Organized labor makes a grave mistake whenever it repudiates a contract. Whenever organized labor fails to recognize the solemn validity of a contract it is a boomerang injuring the cause.

Organized labor makes a mistake whenever its members fail to render conscientiously an equivalent for wages received. When the laborers' wages are doubled the level of production should arise. In some instances it has been lowered.

I want to appeal to you as citizens of Jacksonville. As members of the Trades Assembly I ask you to meet every obligation resting upon you in a fair and square manner, looking forward to a better, greater, more prosperous and more progressive Jacksonville. "Would you like to live in the kind of a town like the kind of a town you like?"

You need not slip your clothes in a grip and start on a long, long hike.

For you will only find what you have left behind, for there is nothing that is really new.

It is a knock on you when you knock on your town, it isn't your town, it's you.

Real towns are not made by men afraid, lest somebody else get ahead.

When everyone works and nobody shirks you can raise a town from the dead.

And if while you work for the good of your town, the other will work with you.

Your town will be what you want to see.

For it isn't your town, it's you."

The Entertainments.
All were then invited to the north side where the entertainments were to be given.

The inimitable Frank Kirk led with a series of laughter provoking numbers. His singing, banjo playing and work generally were all excellent and elicited loud applause.

Then came the Jazz orchestra with piano, violin, banjo and voices and they gave a very good performance. Their jokes were generally new and were good, and as far as noticed, there was nothing low or obscene.

All adjourned to West State street where the tug of war was to be pulled off. There was no special organization to this. The managers asked 25 men to tackle each end of the new rope which was done and the west enders got away with their competitors.

Then back to the north side again for the boxing contest. Five colored young men mounted the platform and were supplied with gloves. They were Mosco Sutton, Frank Waffel, Mack Ramey, Emory Coleman and Fred Shannon. The contest was spirited and lively and something like a free-for-all. According to the strict rules of the affair there should have been no rests or intermission but the boys did occasionally stop. First Shannon, Ramey and Coleman gave up and finally Sutton and Waffel decided they had had enough. Waffel being declared the winner.

NOTES.
Probably the oldest man in line was the aged carpenter, Rev. G. W. Seymour, a manipulator of the saw and plane, and long a minister.

There were two Grand Army men in line, Milley Kehoe and Rev. G. W. Seymour; verily the old boys are getting scarce.

Rather the most attractive float was that bearing the handsome young ladies of the box trimmers' union.

The youngest traveler was a little fellow led by his father in the hod carriers' union ranks.

The band elicited a great many compliments. This music was fine and the members won credit for the new organization.

Jacksonville is surely rich in musical talent.

The fire department attracted a great deal of attention on all sides.

A number of candidates took occasion to parade their banners inviting the votes of the people Sept. 15th.

Athletic Events.
The athletic events at Nichols Park were never waiting for entrants. In several contests space could not be furnished for all who wished to compete. The races, prizes and the winners are as follows:

Boys' Race—\$3 in merchandise, won by Harold Burkery.
Girls' Race, under 16—\$2 won by Ella Wowling.

Three-Legged Race—\$4, won by Merle Reel and Gerald Lynch.
Ladies' Race, 59 yards—\$3, won by Julia Williamson.

Two potato races were held and the \$4 prize was divided by the winners, Lawrence Smith and Merle Reel.

Swimming Race—\$5, won by Glenn Bartlett.

Men's Race, 50 yards and over—\$5, won by George M. Spires.
Boys' 100-yard dash—\$2.50, won by Louis Cannon.

250 yard dash, free-for-all—\$5, won by Louis Cannon.

Watermelon Eating Contest—\$2, won by David Green.

Boys' Pie Eating Contest—\$1.50, won by Walter Stone.

Girls' Pie Eating Contest—\$1.50, won by Alberta Bearup.

The watermelon and pie eating contests furnished much amusement for the crowd, and many were eager to enter in the next day.

When Walter Stone was lifted upon a bench and the judges, showing the crown of pie around his mouth, pronounced him king of pie-eaters.

Are You Still Washing Clothes As Your Grandmother Did—
Rubbing, Rubbing for Hours Over the Washboard With Your
Back About Ready to Break?

That was the way grandmother washed—not because she wanted to—but because she had to. No better way had ever been found. The APEX electric washing machine will do your wash in one third the time, save your clothes and save your time. Besides it makes washing a pleasure.

The APEX swinging wringer is driven by the electric motor and the clothes are passed from the washer through the wringer directly into the rinsing tub. The wringer can then be swung into position to handle the clothes directly from the rinse water into the blueing, and to still another position to handle the clothes into the basket. The wringer of course can be operated independently of the tub, while another batch of clothes are being washed in the tub. The finest laces or the heaviest blankets can be washed in the APEX without the slightest chance of damage.

Sectional view of patented tub showing how maximum action and suction is secured without wear or tear. Notice that there is absolutely nothing on the inside of the tub which can damage the clothes in any way.

We will gladly give you the names of Jacksonville people who are using the APEX in their homes—they are the best APEX boosters. The APEX is endorsed by the leading home magazines. If you are interested we will gladly demonstrate the APEX in your own home and you can be the sole judge as to whether the APEX will do all we claim. Remember the five year guarantee.

INDEES WIN GAME IN GARRISON FINISH

After allowing the Pekin Rainbows to get a four-run lead in the ninth inning, the Indians came behind and tied the score in the ninth inning. In the tenth, the Indians won when Scott hit a home run with one man on and two down. A fine play over White's head in center field for a home run.

Under the new rules adopted last winter a man is entitled to as many bases as he can make under the circumstances. Formerly if a man hit the ball over the fence he was only given credit for a single if there was a runner on the bases at the time. Now a man is entitled to as many bases as he can get. In this instance Scott made the circuit and is credited with a home run, making the final score 6 to 4.

The visitors made a run in the ninth inning and it looked as though the Ayers bank building was in jeopardy. After inquiring about the Ayers bank building, the Indians were unable to get a run. In our half of the ninth, Wheeler got to third and three times had home stolen on the "squeeze" play. Each time Harry Clark bunted the ball foul, finally being called out for striking to bunt the third strike. John Wright who pitched six innings Sunday came back and pitched a good game. Harry Clark went back of the log and caught in excellent game. John was picked for ten hits but had it not been for errors he would never have been in much trouble. Clark gave him great support and kept him working at top speed all the time.

DeFrates made a double play last night when he grabbed a line drive from Smith's doubling White. Calahan and Bennett did great work for Pekin while Vaught kept the Indians eating

out of his hand until the ninth inning. Story of the game:

First Inning
Pekin—White was hit by a pitched ball. Smith hit DeFrates who tossed to Christopher getting White while Christopher completed the double killing, relaying the ball to Wheeler. Vaughn singled and Calahan walked. Bennett singled and Vaughn scored. Calahan taking second. Miller was out. DeFrates to Wheeler.

Jacksonville—Denny fouled out to Calahan. Wheeler was safe on Smith's error. E. Clark doubled sending Wheeler to third. H. Clark was out on a bunt third strike. DeFrates struck out.

Second Inning
Pekin—Petri struck out. Diekmann flied to Christopher. Vaught struck out.

Jacksonville—Grady flied to Petri. Christopher beat out a bit to short. Riggs struck out. Wright flied to Smith.

Third Inning
Pekin—White doubled to left. Smith lined to DeFrates who stepped on second doubling White. Vaughn singled. Calahan flied to Riggs.

Jacksonville—Denny out, Smith to Bennett. Wheeler out, Petri to Bennett. E. Clark safe on Smith's error. E. Clark stole second. H. Clark's single put him on third. H. Clark stole second. DeFrates flied to Miller.

Fourth Inning
Pekin—Bennett flied to H. Clark. Miller singled to left. Petri struck out. Diekmann was out. Wright to Christopher to Wheeler.

Jacksonville—Grady singled. Christopher sacrificed him to center, going out Vaught to Bennett. Riggs and Wright struck out.

Fifth Inning
Pekin—Vaught out, Wright to Wheeler. White flied to Grady. Smith singled to center. Vaughn flied to Wheeler.

Jacksonville—Denny out, Calahan to Bennett. Wheeler safe on Petri's error. Wheeler stole second. E. Clark struck out. H. Clark flied to Petri.

Sixth Inning
Pekin—Calahan singled. Bennett hit to Wright and Calahan

was out at second. Bennett stole second. Miller struck out. Bennett was out stealing. H. Clark to Denny.

Jacksonville—DeFrates struck out. Grady walked. Christopher was out. Vaught to Bennett. Grady taking third. Scott fouled to Petri.

Seventh Inning
Pekin—Petri was hit by a pitched ball. He was out stealing. H. Clark to Christopher. Diekmann was safe on Christopher's wild throw. Vaught was out. Christopher to Wheeler. Diekmann taking second. White walked but was out at second on Smith's tap to Christopher.

Jacksonville—Wright singled. Denny flied to Petri. Wright was doubled on Wheeler's fly to White.

Eighth Inning
Pekin—Vaught flied to Scott. Calahan singled to center. Bennett flied to E. Clark. Miller struck out.

Jacksonville—E. Clark singled to Bennett. H. Clark singled thru Petri. DeFrates grounded to Bennett. Grady struck out.

Ninth Inning
Pekin—Petri flied to Scott. Diekmann was safe on DeFrates' error. Vaught hit to right and Grady muffed the ball. He threw to second and DeFrates muffed and both runners were safe. White singled to center and the bases were loaded. Fast fielding scoring Diekmann. Fast fielding scoring Diekmann.

Vaught on third. Vaughn held out. Calahan hit to left and Scott muffed the ball. Vaught and White scoring. Smith was caught at the pan. Scott to DeFrates to H. Clark.

Jacksonville—Christopher got a double when his hit bounced over Petri's head. Scott was safe on Smith's error. Christopher taking third. Scott stole second. Wright singled thru short scoring Christopher and sending Scott to third. Wright stole second. Denny singled to left scoring Scott and Wright. Denny stole second. Wheeler struck out. E. Clark hit to Vaught and was out at first but Denny came home from second on the play, sliding behind Calahan. This play caused a big argument in which the umpire and all of the players or both teams and some of the spectators took part. Pekin left the field but finally came back and the game proceeded. H. Clark ended the inning by striking out.

Tenth Inning
Pekin—Bennett walked. Miller was out. Christopher to Wheeler. Bennett taking second. Petri struck out. Diekmann walked. Vaught was out, Wright to Wheeler.

Jacksonville—DeFrates was safe on Petri's wide throw to Bennett. Grady hit to Vaught and DeFrates was caught at second. Vaughn making the out. DeFrates stopped Vaughn's peg to first with his head, the ball in the air. Grady being safe. Grady stole second. Christopher fouled out to Calahan. Scott then brought home the bacon and atoned for his miff in the ninth by hitting a mile over White's head for a home run.

Sunday's Game
The feature of the game was a one hundred fated by Harry Clark off a line off the bat of Smith in the second inning and his close with three men on in the ninth. If Clark had not been caught he would have made a home run off his hit and that would have tied the score. Grady and Wheeler also played an excellent ending game.

Pekin started the game but retired after the third inning but had the stuff to stay. It was bothering him and he did not want to take any chances. John Wright then took up the burden. Wright was not warmed up and Pekin made four runs before he got settled. After that he pitched a fair game.

The hitting of Calahan and Smith and the catching of Calahan were the bright spots in the visitors' work.

How the Runs Were Made
Pekin scored two in the first on a hit batted by Scott. A single. A double and two singles added one in the third. Two singles, a double, a wild pitch and an outfield fly put over four runs in the fourth.

Two singles and a wild throw counted one in the fifth. The last two came in the eighth on a base on balls, a stolen base, a passed ball and a triple.

The Indians' first run was made in the first on Denny's walk, a stolen base and two wild pitches. A base on balls, two stolen bases, an error, a single and a double put over two runs in the second.

Pekin kept the Indians away from the pan then until the eighth when a single, a stolen base, a double and two fielder's choices added two more.

The big doings came in the ninth when the Indians staged a batting rally and came within one

of his hand until the ninth inning. Story of the game:

First Inning
Pekin—White was hit by a pitched ball. Smith hit DeFrates who tossed to Christopher getting White while Christopher completed the double killing, relaying the ball to Wheeler. Vaughn singled and Calahan walked. Bennett singled and Vaughn scored. Calahan taking second. Miller was out. DeFrates to Wheeler.

Jacksonville—Denny fouled out to Calahan. Wheeler was safe on Smith's error. E. Clark doubled sending Wheeler to third. H. Clark was out on a bunt third strike. DeFrates struck out.

Second Inning
Pekin—Petri struck out. Diekmann flied to Christopher. Vaught struck out.

Jacksonville—Grady flied to Petri. Christopher beat out a bit to short. Riggs struck out. Wright flied to Smith.

Third Inning
Pekin—White doubled to left. Smith lined to DeFrates who stepped on second doubling White. Vaughn singled. Calahan flied to Riggs.

Jacksonville—Denny out, Smith to Bennett. Wheeler out, Petri to Bennett. E. Clark safe on Smith's error. E. Clark stole second. H. Clark's single put him on third. H. Clark stole second. DeFrates flied to Miller.

Fourth Inning
Pekin—Bennett flied to H. Clark. Miller singled to left. Petri struck out. Diekmann was out. Wright to Christopher to Wheeler.

Jacksonville—Grady singled. Christopher sacrificed him to center, going out Vaught to Bennett. Riggs and Wright struck out.

Fifth Inning
Pekin—Vaught out, Wright to Wheeler. White flied to Grady. Smith singled to center. Vaughn flied to Wheeler.

Jacksonville—Denny out, Calahan to Bennett. Wheeler safe on Petri's error. Wheeler stole second. E. Clark struck out. H. Clark flied to Petri.

Sixth Inning
Pekin—Calahan singled. Bennett hit to Wright and Calahan

Why Man, We Organized This Store for You!

We have found that success in selling men the things they wear depends solely on knowing what men want—and then giving it to them.

LOVELY FALL SUITS

We believe that, above all, men want their money's worth; that no man wants shoddy, ill-appearing stuff at any price; that a man likes to trade at a store that stands as solidly back of the lowest priced collar buttons they sell as the finest suits it makes; that discriminating men's clothes as a basis, we deliberately organized this store along lines that men just couldn't help approving of. Why, man, we organized this store for you.

Too Much Appetite may be as dangerous as too little

When the skin is sallow or yellow, the eyes dull, the head aches or sleep broken and unrefreshing, the back aches, or there is a pain under the right shoulder blade—it is an indication that the body is being poisoned by poorly digested and imperfectly eliminated food-waste. It is a wise thing to take

A Watch is Made to Keep Time
(UPSTAIRS)

Of what use is a watch if it will not tell correct time? When we repair a watch we want it to keep correct time. We not only repair watches, but we adjust and time them. There is a difference in simply repairing a watch and adjusting it. A mechanic can often repair a watch, but it requires art and skill to adjust and time a watch after the repairing is done. When we repair a watch we do the adjusting and timing FREE. The accurate adjusting and timing we give a watch is what makes our repairing give satisfaction.

MARRIED SUNDAY IN HOME CEREMONY

Miss Frances Althea Brown is
Bride of Mr. Paul S. Gordon—
Will Live in Quincy.

The marriage of Mr. Paul Stanton Gordon of Beason, Ill., and Miss Frances Althea Brown of Jacksonville was solemnized Sunday afternoon at 3 o'clock at the home of the bride's mother, Mrs. W. L. Brown, on Independence avenue. Rev. D. V. Gowdy, pastor of Centenary church, officiated using the beautiful ring service.

Miss Mary Lindsay was at the piano and played the wedding march from Lohengrin as the wedding party entered the prettily decorated room where the ceremony was performed. As the service progressed a Victrola number, "Oh Promise Me," was given. Miss Hazel Archer of Curran, cousin of the bride, was the maid of honor and the groom was attended by his cousin, Russell Harper of Decatur.

The bride was handsomely gowned in blue tulle and carried a shower bouquet of bride's roses and ferns. The maid of honor wore a gown of brown satin and her bouquet was of roses.

After the ceremony and congratulations refreshments were served in the dining room, where the decorations were with asters, roses and ferns. Other rooms of the house were also appropriately decorated with flowers.

When the bride's case was out, Miss Hazel Archer, the bridesmaid, secured the ring. It was about this time that the bride and groom, accompanied by Mr. and Mrs. Reeve, slipped away from the house and motored to Arnold, where they took the train for Quincy. However, their maneuver did not prevent a number of their friends from assembling at the station to bid them an appropriate farewell.

Mrs. Gordon, who has spent all of her life in Jacksonville, is the only daughter of Mrs. W. L. Brown. After finishing her work in the high school she took a course in music at Illinois Conservatory of Music. For a year or more she has held a position in the Andre & Andre store, and is a young woman who is held in high regard by her wide circle of friends.

Mr. Gordon after finishing his course at the Bloomington high school, was a student at Brown's Business college in Decatur. In the war time he took military training at Illinois Wesleyan university. Now he holds a responsible position as assistant manager and bookkeeper for the L. C. Mercantile Co., of Quincy.

The wedding gifts were many and beautiful, indicating the good will and good wishes of relatives and friends. Included among the gifts was a check for \$500 from the parents of the groom, Mr. and Mrs. B. S. Gordon of Beason, Ill.

Mr. and Mrs. Gordon are to immediately establish their home at 1531 Oak street, Quincy, where a dwelling has been handsomely furnished for their occupancy.

The company of guests at the wedding included 75 relatives and friends and it was altogether a very pretty nuptial event.

Among those present were, Mr. and Mrs. B. S. Gordon of Beason, Mr. and Mrs. Frank Stull of Clinton, Mr. and Mrs. Leland Armstrong of Decatur, John C. Searcy of Burdett, Kan.; Mr. and Mrs. Edwin Archer of Curran, Mrs. W. P. Conlee and family from east of the city, Mr. and Mrs. George Chapman of Curran, Mr. and Mrs. K. Mulligan of Markham, Mr. and Mrs. J. W. Rawlings of north of the city, Warren Brown of the I. O. O. F. home in Lincoln.

UNION PICNIC

Sunday at Nichols park there was a union picnic enjoyed by a large number. The main participants were the congregations of St. Bartholomew church of Murrayville and St. Mark's church of Winchester. A good many from the church of Our Savior of this city also went out and a general good time was enjoyed by all. A sumptuous repast was enjoyed and a good time generally by all present with no untoward incident to mar the occasion.

REV. A. E. POWELL AND FAMILY RETURN

Rev. and Mrs. A. E. Powell and son of Woodson, have returned from a very pleasant outing enjoyed in places north of Menard county. Returning the worthy gentleman had an accident with his car owing to lack of lubricating oil and he was obliged to leave it at Petersburg and finish the trip home by train. Both return in good condition much pleased with their trip.

Harold Smith traveled from Woodson to the city yesterday.

MANSFIELD FAMILY ENJOYED REUNION

Was Held at Nichols Park Sunday—
Dinner Was Feature of Day

The descendants of the Mansfield family met at Nichols park Sunday, Sept. 5th, 1920 to the number of thirty-five, including guests.

There were twelve children of James and Elizabeth Wilkerson Mansfield, and there were represented at this reunion, children, grandchildren and great grandchildren of James, Albert, John, Alfred, Sarah and Eliza.

An organization was formed and the following officers were elected:

President—W. H. Palmer.
Vice president—Isaiah Whitlock.

Secretary—Dora E. Lowdermilk.

Treasurer—Albert Mansfield.

A code of by-laws was adopted looking to the furtherance of good will and brotherly love among the descendants of the Mansfield family. It was decided unanimously that the meetings should be held annually, on or as near this date as the executive board should decide.

Letters were received from a daughter of Alexander Mansfield, who lives in Girard, Kansas; Mrs. Emma Riffer, from James Mansfield's granddaughter, Mrs. Bertha Brissenden, Clay City, Ill., and from John A. Fanning of Sawyer-ville, Ill., a grandson of Albert Mansfield, who could not be present, expressing their best wishes for the success of the reunion.

Mrs. Margaret Mansfield Peaker gave a short sketch of Albert Mansfield's family; a history of James Mansfield's family was read by Mrs. Melissa Mansfield York; Isaiah Whitlock gave the history of Sarah Mansfield Whitlock; the story of John Mansfield's family and the history of the twelve children and their children and children's children was given by Dora E. Lowdermilk. It was read from the Mansfield family tree prepared by James E. Mansfield and Earl M. Carlisle of Chicago. Great interest was taken in these sketches and they were placed on file for future generations.

It is needless to say that all came with well filled baskets. The table was simply loaded with good things of every description. The large angel food cake with "Mansfield" in pink letters on the white icing was not only "a thing of beauty" but was the "finest ever."

Mrs. W. H. Palmer carried off the honors for bringing this beautiful cake. After the feast of good things to eat, there was a "feast of reason and flow of soul" as the president, W. H. Palmer, called on those present to say something for the "good of the order."

Isaiah Whitlock responded to "Good Fellowship" in his usual genial manner.

Mr. and Mrs. Peaker sang several songs and gave recitations, that delighted the assemblage.

Miss Margaret Camm read several selections in a creditable manner.

In looking over those present Henry Story was found to be the oldest man present, 76 years old, and Dora Hicks, daughter of Roe Hicks, the youngest, 3 months.

All too soon came the time to separate, but each one felt that it was certainly "the end of a perfect day."

Many failed to register, so that the list of those present is not complete. Those registering were: Mr. and Mrs. J. W. Peaker, Mr. and Mrs. Roe Hicks and children, Mr. and Mrs. Earl Hicks, Mr. and Mrs. Isaiah Whitlock, Mr. and Mrs. M. A. Van Winkle and daughter Moude, Mr. and Mrs. Arthur Van Winkle, Mr. and Mrs. R. A. Mansfield and Olive and Coy, Mr. and Mrs. Eli Mansfield, Mr. and Mrs. A. E. Mansfield, Mr. and Mrs. J. A. Boggs, Mr. and Mrs. Sargent Powell, Mae and William, Mr. and Mrs. Bert Weeks, Mr. and Mrs. W. H. Palmer, Mr. and Mrs. Ezra Scott, Mr. and Mrs. Sam Thompson, Mr. and Mrs. A. B. Mansfield and children, Mr. and Mrs. W. O. Wheeler, Mr. and Mrs. T. O. Knapp, Mrs. Susie Finson, James Finson, Mrs. Arrena Mansfield, Miss Bertha Whitlock, Miss Mary Mansfield, Miss Eunice Mansfield, Miss Eloise Mansfield, Rollin and Otis Mansfield, L. E. Finson, C. M. Finson, Henry Story, Mrs. Melissa York, Mrs. Zimmerman, W. B. Mansfield, Curtis and Hazel Ambrose, Winifred Dugger, Leona Fanning, Alice and Annie Mansfield, Opal Powell, Ray Powell, Mrs. Sarah Dugger, Everett Fanning, Elmer Mansfield, Emma Mansfield, Ida M. Finson, Stella Roberts Seymour, Dora E. Lowdermilk, Guy Hicks, Roy Hicks, Martha Seymour, Miss Smith, Hallie Seymour, Margaret Jefferson, Jeannette Scott, Jonas Scott, Mr. and Mrs. Robert Jennings, Mr. and Mrs. Sam Camm and family, Mr. and Mrs. E. Hem-brough and family.

Big Burgoon, Centenary church lawn Wednesday, Sept. 8. Joe Barnhart will make the soup. Lots of good things to eat. Be there.

Had enjoyable outing

A party of Jacksonville people spent Sunday very pleasantly on a trip to Valley City, where they enjoyed a big dinner and returned at night. In the party were: Mr. and Mrs. S. Green, William Gregory, William Hamilton and George Overbeck. They made the trip in Mr. Overbeck's car and were met at Valley City by Mr. and Mrs. Malm, Mrs. Wil-son and her daughters, Misses Glenna and Marguerite.

The party spent the entire day in the woods and preparations for both dinner and supper were so generous that these features of the day will long be remembered.

BROWN DEFEATS JACK BILLINGS

Wins by Knockout in Third Round
at Beardstown—Local Batter
Also Defeated.

(Special to the Journal)
Beardstown, Sept. 6.—George "Knockout" Brown of Chicago won from Jack Billings of Brooklyn, N. Y., here tonight by a knockout. The finish came in the third round of a scheduled ten round bout. A right hook to the jaw was Billings' Waterloo. Up to the third round the milling had been fast with honors even.

Kid Rayburn of this city knocked out Kid Judson, colored of Jacksonville in the fourth round of a scheduled eight round bout. A battle royal between five colored boys from Jacksonville was put on for a curtain raiser.

The bouts were held in the Princess Theatre and were witnessed by one of the largest crowds ever attending a boxing bout here. Lester Johnson, a colored fighter of Brooklyn, N. Y., was at the ringside and challenged the winner of the Brown-Billings fight. Brown accepted the challenge and the fight will take place here in about three weeks.

GETTING READY FOR HIGHWAY MEET

Leroy Craig was in Alton Sunday and there met with some officials of the Mississippi Valley highway association. He found that extensive preparations are being made there, just as in other cities along the highway, for the big party of delegates which will drive from New Orleans thru to St. Paul for the convention.

Locally preparations are being steadily pushed and a great many persons have already signified their intention to attend the banquet in honor of the visitors which will be given at the Christian church Thursday night, Sept. 16. The Western Magazine, published at St. Paul, has a Good Roads number for August and contains a great deal of interesting subject matter related to the highway convention.

ATTENTION MOOSE

Regular meeting tonight. All members requested to attend.

MUSICAL COMEDY PLEASED GRAND AUDIENCES

The George E. Wintz Co. presented a musical comedy, "Cheer Up Mabel" to large audiences at the Grand in matinee and evening performances Monday. The company included Nyra Brown and John G. Getz as stars. Mr. Getz is a comedian of more than usual ability and he kept the audiences in constant good humor yesterday. The Harmony quartet was another feature and the audience enjoyed viewing the illuminated run board.

It was not an attraction of equal worth with "Clarence" but

as a musical comedy has much in it to bring applause.

Big Burgoon, Centenary church lawn Wednesday, Sept. 8. Joe Barnhart will make the soup. Lots of good things to eat. Be there.

CORRECTION

In the account of the funeral of H. C. Montgomery it was stated that Mrs. William Barr Brown, Jr., sang. This was in error. The music was by Mrs. Mable Matthews Gregory.

CLUB TO MEET

The Mound Woman's Country club will meet with Mrs. Gottfried Tendick at her home on Thursday afternoon at 2:30 o'clock. The subject of discussion will be "Community Life," and the new program will be ready for distribution.

SUPPORTS LEN SMALL

In a letter recently issued Congressman Richard Yates endorses the candidacy of Len Small for governor. Congressman Yates says he is led to this action for both personal and political reasons. He recalls that Mr. Small has been a faithful friend to him thru many years and says that even in the hard fighting game of practical politics there is such a thing as gratitude.

Considering the matter from a political standpoint, the congressman expresses the belief that the candidacy of Mr. Small should appeal to those who appreciate efficiency. He recites the fact that Mr. Small has served in the state senate, was twice state treasurer and once sub-treasurer of the U. S., and has had experience in other ways which qualify him for the governorship.

MANSFIELD FAMILY ENJOYED REUNION

Was Held at Nichols Park Sunday—Dinner Was Feature of Day

The descendants of the Mansfield family met at Nichols park Sunday, Sept. 5th, 1920 to the number of thirty-five, including guests.

There were twelve children of James and Elizabeth Wilkerson Mansfield, and there were represented at this reunion, children, grandchildren and great grandchildren of James, Albert, John, Alfred, Sarah and Eliza.

An organization was formed and the following officers were elected:

President—W. H. Palmer.
Vice president—Isaiah Whitlock.

Secretary—Dora E. Lowdermilk.

Treasurer—Albert Mansfield.

A code of by-laws was adopted looking to the furtherance of good will and brotherly love among the descendants of the Mansfield family. It was decided unanimously that the meetings should be held annually, on or near this date as the executive board should decide.

Letters were received from a daughter of Alexander Mansfield, who lives in Girard, Kansas; Mrs. Emma Riffer, from James Mansfield's granddaughter, Mrs. Bertha Brissenden, Clay City, Ill., and from John A. Fanning of Sawyerville, Ill., a grandson of Albert Mansfield, who could not be present, expressing their best wishes for the success of the reunion.

Mrs. Margaret Mansfield Peaker gave a short sketch of Albert Mansfield's family; a history of James Mansfield's family was read by Mrs. Melissa Mansfield York; Isaiah Whitlock gave the history of Sarah Mansfield Whitlock; the story of John Mansfield's family and the history of the twelve children and their children and children's children was given by Dora E. Lowdermilk. It was read from the Mansfield family tree prepared by James E. Mansfield and Earl M. Carlisle of Chicago. Great interest was taken in these sketches and they were placed on file for future generations.

It is needless to say that all came with well filled baskets. The table was simply loaded with good things of every description. The large angel food cake with "Mansfield" in pink letters on the white icing was not only a thing of beauty, but was the "finest ever." Mrs. W. H. Palmer carried off the honors for bringing this beautiful cake. After the feast of good things to eat, there was a "feast of reason and flow of soul" as the president, W. H. Palmer, called on those present to say something for the "good of the order."

Isaiah Whitlock responded to "Good Fellowship" in his usual genial manner.

Mr. and Mrs. Peaker sang several songs and gave recitations that delighted the assemblage.

Miss Margaret Camm read several selections in a creditable manner.

In looking over those present Henry Story was found to be the oldest man present, 76 years old, and Dora Hicks, daughter of Roe Hicks, the youngest, 3 months.

All too soon came the time to separate, but each one felt that it was certainly "the end of a perfect day."

Many failed to register, so that the list of those present is not complete. Those registering were: Mr. and Mrs. J. W. Peaker, Mr. and Mrs. Roe Hicks and children, Mr. and Mrs. Earl Hicks, Mr. and Mrs. Isaiah Whitlock, Mr. and Mrs. M. A. Van Winkle and daughter, Mr. and Mrs. Arthur Van Winkle, Mr. and Mrs. R. A. Mansfield and Olive and Coy, Mr. and Mrs. Eli Mansfield, Mr. and Mrs. A. E. Mansfield, Mr. and Mrs. J. A. Boggess, Mr. and Mrs. Sargent Powell, Mae and William, Mr. and Mrs. Bert Weeks, Mr. and Mrs. W. H. Palmer, Mr. and Mrs. Ezra Scott, Mr. and Mrs. Sam Thompson, Mr. and Mrs. A. B. Mansfield and children, Mr. and Mrs. W. O. Wheeler, Mr. and Mrs. T. O. Knapp, Mrs. Susie Finson, James Finson, Mrs. Arrena Mansfield, Miss Bertha Whitlock, Miss Mary Mansfield, Miss Eunice Mansfield, Miss Eloise Mansfield, Rollin and Otis Mansfield, L. E. Finson, C. M. Finson, Henry Story, Mrs. Melissa York, Mrs. Zimmerman, W. B. Mansfield, Curtis and Hazel Ambrose, Winifred Dugger, Leona Fanning, Alice and Annie Mansfield, Opal Powell, Ray Powell, Mrs. Sarah Dugger, Everett Fanning, Elmer Mansfield, Emma Mansfield, Ida M. Finson, Stella Roberts Seymour, Dora E. Lowdermilk, Guy Hicks, Roy Hicks, Martha Seymour, Miss Smith, Hallie Seymour, Margaret Jefferson, Jeannette Scott, Jonas Scott, Mr. and Mrs. Robert Jennings, Mr. and Mrs. Sam Camm and family, Mr. and Mrs. E. Hemmrich and family.

HAD ENJOYABLE OUTING

A party of Jacksonville people spent Sunday very pleasantly on a trip to Valley City, where they enjoyed a big dinner and returned at night. In the party were Mr. and Mrs. S. Green, William Gregory, William Hamilton and George Overbeck. They made the trip in Mr. Overbeck's car and were met at Valley City by Mr. and Mrs. Mullins, Mrs. Wilson and her daughters, Misses Glenna and Marguerite.

The party spent the entire day in the woods and preparations for both dinner and supper were so generous that these features of the day will long be remembered.

BROWN DEFEATS JACK BILLINGS

Wins by Knockout in Third Round at Beardstown—Local Battler Also Defeated.

(Special to the Journal)
Beardstown, Sept. 6.—George "Knockout" Brown of Chicago won from Jack Billings of Brooklyn, N. Y., here tonight by a knockout. The finish came in the third round of a scheduled ten round bout. A right hook to the jaw was Billings' Waterloo. Up to the third round the milling had been fast with honors even.

Kid Rayburn of this city knocked out Kid Judson, colored of Jacksonville in the fourth round of a scheduled eight round bout. A battle royal between five colored boys from Jacksonville was put on for a curtain raiser.

The bouts were held in the Princess Theatre and were witnessed by one of the largest crowds ever attending a boxing bout here. Lester Johnson, a colored fighter of Brooklyn, N. Y., was at the ringside and challenged the winner of the Brown-Billings fight. Brown accepted the challenge and the fight will take place here in about three weeks.

GETTING READY FOR HIGHWAY MEET

Leroy Craig was in Alton Sunday and there met with some officials of the Mississippi Valley highway association. He found that extensive preparations are being made there just as in other cities along the highway, for the big party of delegates which will drive from New Orleans thru to St. Paul for the convention.

Locally preparations are being steadily pushed and a great many persons have already signified their intention to attend the banquet in honor of the visitors which will be given at the Christian church Thursday night, Sept. 16. The Western Magazine, published at St. Paul, has a Good Roads number for August and contains a great deal of interesting subject matter related to the highway convention.

ATTENTION MOOSE

Regular meeting tonight. All members requested to attend.

MUSICAL COMEDY PLEASED GRAND AUDIENCES

The George E. Wintz Co. presented a musical comedy, "Cheer Up Mabel" to large audiences at the Grand in matinee and evening performances Monday. The company included Nyra Brown and John G. Getz as stars. Mr. Getz is a comedian of more than usual ability and he kept the audiences in constant good humor yesterday. The Harmony quartet was another feature and the audience enjoyed viewing the illuminated run board.

It was not an attraction of equal worth with "Clarence" but as a musical comedy has much in it to bring applause.

Big Burgoo, Centenary church lawn Wednesday, Sept. 8. Joe Barnhart will make the soup. Lots of good things to eat. Be there.

CORRECTION

In the account of the funeral of H. C. Montgomery it was stated that Mrs. William Barr Brown, Jr., sang. This was in error. The music was by Mrs. Mable Matthews Gregory.

MOULD WOMEN'S CLUB TO MEET

The Mould Woman's Country club will meet with Mrs. Gottfried Tendick at her home on Thursday afternoon at 2:30 o'clock. The subject of discussion will be "Community Life," and the new program will be ready for distribution.
